A motion was made by Council Member Launer, second by Vice Mayor Longoria, to approve the warrant register as presented.

Ayes: Launer, Longoria, Morales, Reynosa, Thusu

6. DEPARTMENT REPORTS

6.1. SUBJECT

2020 Dinuba Fireworks Booth Sales (LB)

RECOMMENDATION

Council to receive informational update on the fireworks booth sales for July 4th holiday.

City Clerk Barkley presented an item to the City Council with a request for direction as to whether or not to allow fireworks booths this year.

City Manager Patlan noted that under the current governor's plan, large gatherings are included in stage 4. That is the biggest difference between the fireworks booths and holding the fireworks show for the public at the golf course. Families should not be penalized if they want to celebrate our country's independence. Unless things change between now and then, this is a good option to allow them to celebrate.

Council Member Launer stated she is in favor of allowing booths. Neighborhood fireworks are never large gatherings and so it has nothing to do with the fireworks booths.

Vice Mayor Longoria asked if there will be a protocol for safety. Patlan reported that a sample protocol is attached to the staff report. The Council concurred.

A motion was made by Council Member Reynosa, second by Vice Mayor Longoria, to allow the sale of fireworks for the 2020 Independence Day season.

Ayes: Launer, Longoria, Morales, Reynosa, Thusu

6.2. SUBJECT

2020 Dinuba Independence Day Celebration (SH)

RECOMMENDATION

Council authorize the cancellation of the 2020 Independence Day Celebration on July 3, 2020.

Community Services Director Hurtado presented information to the City Council

in regard to the annual Independence Day celebration. Hurtado requested authorization to cancel the event in light of the current Covid-19 pandemic.

Mayor Thusu asked if there is anything else the city could do to celebrate Independence Day and not necessarily a large gathering or fireworks.. He requested Council to consider it.

Hurtado said that in her opinion, folks being allowed to participate in fireworks booth sales is important because it allows the community to continue to celebrate Independence Day.

A motion was made by Council Member Launer, second by Council Member Morales, to cancel the 2020 Dinuba Independence Day Celebration in light of the Covid-19 pandemic.

Ayes: Launer, Longoria, Morales, Reynosa, Thusu

6.3. SUBJECT

Annual Audit Report Fiscal Year 2018-2019 (MM)

RECOMMENDATION

Council to accept the Independent Auditor's Report for the Fiscal Year 2018-19.

Administrative Services Director Moreno introduced Brian Young, a partner with Lance, Soll and Lungard audit firm.

Young presented the Audit Report (CAFR,. the summary of the audit process and the audit letters.

Mayor Thusu asked Young about the city's internal controls.

Young reported that our staff is working to implement their corrective actions. There is always an element of risk but they are working to improve.

City Manager Patlan stated that since Moreno has been with the city, she and her team have worked to make many changes to various funds and sometimes her fellow colleagues get frustrated but she needs to make sure that the findings get implemented. He explained he is pleased and hoped next year's audit will be the same if not better.

Mayor Thusu commended staff.

A motion was made by Council Member Launer, second by Council Member Morales, to accept the CAFR as presented.

Ayes: Launer, Longoria, Morales, Reynosa, Thusu

6.4. SUBJECT

Covid-19 Update (LP)

RECOMMENDATION

Council to receive informational update regarding Covid-19 pandemic and provide direction to staff as necessary.

City Manager Patlan presented an update on Covid-19. Governor announced some counties to move into stage 3. now allowing some counties to open places of worship with stipulations. only for counties who have submitted a testation. 47 counties have moved in to stage 3. includes barber shoops, hair salons and dine-in restaurants. Today Tulare County submitted their regional variance. it takes 24 to 36 hours to post them on the state's website. as soon as that is done, he and James will be working on an announcement. Staff has been getting calls from impacted businesses and places of worship. There is much information and unless you follow it careully, it's hard to understand that you must be part of a regional variance and post it on your website. we hope that between 1 to 3 days we can post somethng on the webste.

He wants to teh Council to think about when they want to transition back to open council meetings and staff will be discussing tomorrow when do we start opening city offices to the public.

Longoria asked if the next meeting will be open to the public. Patlan said that is up to the Council. It would be done with proper social distancing.

Mayor Thusu said he would like to wait and see what the progress is.the Council concurred.

7. MAYOR/COUNCIL REPORTS

Council Member Morales expressed that it's unfortunate that Memorial Day was not celebrated

Vice Mayor Longoria asked if the Public Safety Commissioners could have an orientation prior to their first meeting.

City Manager Patlan agreed that is a good idea and we will contact them this week.

Council Member Launer congratulated staff members Moreno and Solis for their work with the budget and the audit.

Council Member Reynosa requested that a proclamation be created for Dinuba's graduates. City Manager Patlan said we will add that to the June 9 council meeting.

Mayor Thusu thanked staff for remaining calm and that we proceed the way we are and thanked the Council for their leadership and upper management as well as staff in general for their work during this time.

8. CITY MANAGER COMMUNICATIONS

City Manager Patlan shared that when staff holds their meetings its always good to hear that none of our staff has tested positive for Covid-19. He said he will make sure to convey the comments to staff.

9. CITY STAFF COMMUNICATIONS

None.

10. CLOSED SESSION

10.1. Conference with Legal Counsel - Anticipated Litigation (NJ)

Pursuant to GC Section 54956.9(b), the City Council will meet in closed session to discuss initiation of litigation. One (1) case.

No action taken.

11. ADJOURNMENT

Mayor Thusu adjourned the meeting at 7:42 pm.

Subject: Resolution No. 2020-29, Adopting DART's Title VI Program for Compliance with Civil Rights Act of 1964 for Federal Transit Funds (IH)

RECOMMENDATION

Council adopt Resolution No. 2020-29 approving the Dinuba Area Regional Transits (DART's) Title VI Program for compliance with the Civil Rights Act of 1964.

EXECUTIVE SUMMARY

The City's Dinuba Area Regional Transit (DART) system is funded in part by grants from the Federal Transit Administration (FTA). It is required that transit systems receiving federal grants adopt a system-specific Title VI Program every three years for compliance with the Civil Rights Act of 1964. The City Council adopted its Title VI Program on May 9, 2017 for a three-year term. The recommended action would update the subject Program and make it valid through May 2023.

OUTSTANDING ISSUES

None.

DISCUSSION

All recipients of Federal Transit Administration (FTA) funding are required to submit documentation that certifies that they are complying with the statutes of the Civil Rights Act of 1964. The Dinuba Area Regional Transit (DART) system is funded in part with Federal Transit Administration funds.

The FTA requires all recipients of federal funding to establish and implement a system-specific program for compliance with the objectives of Title VI of the Civil Rights Act of 1964. The DART's system-specific Title VI Program is enclosed herein as Attachment 'A', and summarized as follows:

1. Ensure that the level and quality of public transportation service is provided in a nondiscriminatory manner;
2. Promote full and fair participation in public transportation decision-making without regard to race, color, or national origin;
3. Ensure meaningful access to transit-related programs and activities by persons with limited English proficiency.

Given Dinuba's demographics, compliance with Title VI statutes requires making most of DART's communication with the general public available in Spanish. On May 9, 2017 the City Council adopted a Title VI Program that would be valid for three years. In preparation of the Program's expiration, staff contacted the Tulare County Association of Governments (TCAG) and was provided assistance with putting together the required update. No material changes were made to the original document except for updating some of the demographic data.

The FTA requires that all system-specific Title VI Programs be approved by Resolution of the City Council. Resolution No. 2020-29 enclosed as Attachment 'B' complies with FTA requirement.

FISCAL IMPACT

The recommended action creates no fiscal impact. However, not having an updated Title VI Program can jeopardize all future FTA funding.

PUBLIC HEARING

None.

SECTION 1: INTRODUCTION

The City of Dinuba is an incorporated city in the County of Tulare in the Central Valley. The City of Dinuba transit service has been in operation since 1981. Dinuba Area Regional Transit (DART) is owned by the city and governed by the Dinuba City Council as the ultimate policy and decision making body. Operating responsibilities are split between city staff and the contractor which is currently MV Transportation. The City of Dinuba receives financial assistance to operate DART through grants from the Federal Transit Administration (FTA). The City of Dinuba is responsible for managing DART in accordance with Federal requirements, and FTA is responsible for ensuring that the City of Dinuba follows Federal statutory and administrative requirements. Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq., and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color or national origin under any program or activity that receives Federal financial assistance. In accordance with the FTA Title VI Circular, the City of Dinuba is required to submit a Title VI Program triennially. Title VI prohibits discrimination by recipients of Federal financial assistance on the basis of race, color, and national origin, including denial of meaningful access for limited English proficient (LEP) persons. The Title VI Program FTA Title VI Circular 4702.1B requires approval of DART's Title VI Program by the City Council. This document was prepared to comply with the Title VI of the Civil Rights Act of 1964, including new provisions detailed in the U.S. Department of Transportation's FTA Circular 4702.1B, "Title VI Requirement and Guidelines for Federal Transit Administration Recipients."

SECTION 3: COMPLAINT PROCEDURES

“No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” (42 U.S.C. Section 2000d)

The City of Dinuba is committed to ensuring that no person shall be excluded from the equal distribution of Dinuba Area Regional Transit (DART) services and amenities because of race, color or national origin in accordance with Title VI of the Civil Rights Act of 1964.

How to File a Title VI Complaint with the City of Dinuba

Any person who believes she or he has been discriminated against on the basis of race, color, or national origin with regard to any City of Dinuba transit service, program, activity, or facility may file a Title VI complaint by completing and submitting the City’s Dinuba Area Regional Transit Title VI Complaint Form. A complaint may be filed by the individual or by a representative. Complaints must be filed within 180 days after the date of the alleged discrimination. In the event the complainant is unable or incapable of providing a written statement, the City of Dinuba will, if necessary, assist the complainant in converting verbal complaints to writing through an interview process. The complainant or her/his representative will sign all complaints. The City of Dinuba will promptly investigate all complete complaints; complaints received with incomplete information may result in delayed investigations and responses.

Complaint Forms can be obtained at:

- Dinuba Transit Center, 180 W. Merced St., Dinuba, CA 93618
- Dinuba Public Works Services, 1088 E. Kamm Ave., Dinuba, CA 93618
- The City of Dinuba’s website <http://www.dinuba.org/public-transit>

All complaints alleging discrimination should be submitted in writing directly to the City at the address listed below. The City’s Business Manager/Title VI Administrator or her/his designee shall be responsible for overseeing investigations and responses to complaints of discrimination.

City of Dinuba
Attn: Business Manager/Title VI Administrator
1088 E. Kamm Ave.
Dinuba, CA 93618

Within 10 business days of receiving a written complaint, the City’s Business Manager/Title VI Administrator or her/his designee shall send a letter to the complainant acknowledging receipt of the complaint and providing the complainant with a contact name and phone number of the City personnel assigned to investigate the complaint.

The City will conduct and complete an investigation within 30 days following receipt of the initial complaint. If more information is needed to resolve the complaint, the City may contact the complainant. The complainant has 10 business days from the date of the request to send the additional information to the investigator assigned to the case (Title VI Administrator or her/his designee). If the investigator is not contacted by the complainant or does not receive the additional information within 10 business days, the City can administratively close the case. A case can be administratively closed if the complainant no longer wishes to pursue their case.

After investigation of a complaint, a written statement of findings summarizing the allegations and outlining a process for resolution of the complaint will be provided to the complainant. If no action is taken, the response will state the reasons for the decision and the procedures for the complainant to appeal the decision. City employees' and service contractor personnel files are confidential; therefore, specific information on disciplinary actions resulting from complaints will not be divulged.

If the complainant is not satisfied with the decision, she/he has 30 days after the date of the City's findings letter to appeal to the City. The complainant is entitled to review the denial, to present additional information and arguments, and to separation of functions (i.e. a decision by a person not involved with the initial decision to deny eligibility). The complainant will be notified in writing of the decision of the appeal and the reasons for it.

Any timeline set forth herein may be extended by the City upon a showing of good cause. The complainant will be notified in writing of such a change.

The complainant may also file a complaint directly with the Federal Transit Administration, by contacting:

SECTION 4: PUBLIC PARTICIPATION PLAN

Introduction

The City of Dinuba is committed to providing an open and visible decision-making process for its Dinuba Area Regional Transit (DART) services, by offering ample opportunities for the public to be involved in the identification of social, economic, and environmental impacts of proposed transit-related decisions. This includes implementing strategies for engaging minority, low-income, and Limited English Proficient (LEP) populations in the course of conducting public outreach activities, in accordance with Federal Transit Administration (FTA) Circular 4702.1B Chapter III-5 Promoting Inclusive Public Involvement.

The City of Dinuba's Public Participation Plan for DART establishes strategies for involving the public in DART planning efforts to ensure that all groups are represented and their needs considered. The City of Dinuba is committed to ensuring it serves its residents fairly, consistently and in the most cost-efficient and appropriate manner within available resources. Through collaboration with riders, prospective riders, and the community at-large, the City will be able to assess the quality of its service, measure potential impacts to the community from DART planning and decision-making activities and ensure that it is providing valuable transit services to the residents and visitors of Dinuba.

Identification of Affected Stakeholders

In developing the Public Participation Plan, the City analyzed the demographics for minority, low-income, and LEP populations of the DART service area (Dinuba city limits).

Minority Populations

According to the U.S. Census Bureau, racial and ethnic minority populations are defined as persons other than "non-Hispanic White alone." Table 4-1 shows a breakdown of the City's population by race.

Table 4-1: City of Dinuba Population by Race		
Category	Number	Percent
<i>Total Population</i>	<i>24,316</i>	<i>100.0%</i>
Hispanic	21,130	86.9%
White alone, not Hispanic or Latino	2,431	10%
Asian	559	2.3%
American Indian and Alaska Native	121	0.5%
Black or African American	97	0.4%
Native Hawaiian and Other Pacific Islander	0	0.0%

Source: U.S. Census Bureau, 2019 Census

Minority populations comprise 90% of the population in the City of Dinuba. Hispanics are the largest minority, with nearly 86.9% of the total population. Asians comprise the next largest minority group at 2.3% of the City's total population.

Low-Income Populations

According to the U.S. Census Bureau, low-income households are classified as below poverty "if their total family income or unrelated individual income was less than the poverty threshold specified for the applicable family size, age of householder, and number of related children under 18 present." Low-income populations are less likely to have access to a vehicle making them more dependent on transit for their travel needs.

The Dinuba TDP contained valuable information that provided a breakdown of the transit dependent population in the city by block group level. I have used some of this information to provide a clear picture of the poverty and transit dependency that exists within the city. The information was derived from the 2016 US Census Bureau's American Community Survey (ACS). The following written information and Table 4-2 were obtained from the Dinuba TDP that was prepared by LSC Transportation Consultants Inc.

Total population of the city was 23,465, per the ACS 2016 estimate. The most populous Census Tract Block Group is the area north E. Kamm Avenue, east of S. Alta Avenue, and southwest of the San Joaquin Valley rail line. Total population is depicted in Table 4-2.

Youth (persons aged 10 to 17) total 3,027, or 14 percent of total population. This is equal to the proportion for Tulare County as a whole, but 3 percent higher than the statewide figure. Percentage wise, Census Tract 401.01 Block Group 1 (outside of town to north and east) has among the highest proportion of youth, followed by Census Tract 301 Block Group 6, which is the Ridge Creek area. This is depicted in Table 3-2.

Elderly person over age 64 total 1,633, or 8 percent. This is lower than proportion for the county and state as a whole. The elderly population by Census Tract is depicted in Table 4-2.

There are a total of 1,358 households below the **federal** poverty level (23 percent of total households), compared to 15 percent in California. The highest concentration of poverty is in Census Tract 401.01 Block Group 2, which is north of E. Saginaw Avenue, south of Nebraska Avenue, east of Alta Avenue and west of Crawford Avenue. The census data indicates that 41 percent of households in this area are below the poverty level. This is depicted in Table 4-2.

It is difficult to equate the types of **disabilities** identified by the US Census with people's ability to use transit. Nonetheless, persons aged 20 to 64 (typical work force age) who identified as having a disability totaled 1,689, or 8 percent of the population. This is higher than the countywide and statewide statistics. The population with disabilities is depicted by Census Tract in Table 4-2.

One of the stronger indicators of transit dependence is the **households without vehicles available**. In Dinuba, there are 421 such households (lower rates than statewide, but higher than the county). This is depicted in Table 4-2. The greatest concentration is found in Census Tract 104.01 Block Group 2 (same tract and block group which has a higher concentration of low income).

Limited English Proficient Populations

Limited English Proficient (LEP) persons are individuals for whom English is not their primary language and who have a limited ability to speak, understand, read, or write English. This definition includes people who reported to the U.S. Census that they do not speak English “very well” or do not speak English at all.

Census data from the 2014-2018 ACS revealed that 5,955 persons (27.9% of the overall population) residing in Dinuba have limited English proficiency; that is, they speak English less than “very well”. Of those persons with limited English proficiency, 5,707 (26.7% of the service area population) speak Spanish; the remaining 248 respondents speak six other languages, each accounting for less than 1% of the population. Therefore, under the Department of Justice’s Safe Harbor Provision, which outlines circumstances that can provide a “safe harbor” for recipients regarding translation of written materials for LEP populations that constitute at least 5% (or 1,000 persons, whichever is less) of the total population being served, the City of Dinuba is required to translate all vital DART documents into Spanish.

Outreach Plan to Engage Minority, Low-income, and LEP Populations

The public participation process will be considered at the earliest stages of any City of Dinuba transit project or decision that may impact the surrounding community, DART riders, or potential riders. Project specific outreach efforts will be tailored to the populations affected and the type of plan, project, or service under consideration.

The City maintains contacts with local non-profit organizations, advocacy groups, and public agencies that provide assistance to minority, low-income, and LEP clients. Such non-profits, advocacy groups, and agencies have insight into the transportation needs of their clients and prove invaluable in overcoming barriers to public participation.

Public Outreach Strategies

The following strategies will ensure that public input is invited and all foreseeable impacts to the community are considered for all transit projects. The City may elect to use all or some of these outreach strategies as deemed appropriate to the specific project.

City transit staff implements the following outreach strategies:

- Public meetings will typically be held in City Council meetings at City Hall, 405 E. El Monte Way, Dinuba, which is accessible to transit riders and people with disabilities, and are scheduled at times that are convenient for members of the public to attend.
- Public meetings and hearings are broadly advertised in the community in both English and Spanish through public notices placed at the Transit Center, City Hall, Public Works Department, Community Center, at transit bus shelters, onboard transit buses, at transit bus shelters, on the City’s website, on the main City arterial El Monte Way advertising marquee, and in the local newspaper. In addition, public meetings

are advertised at the Tulare County Library, Senior Center, and the City of Dinuba's social media accounts.

- Notification will be provided regarding the availability of language assistance at public meetings and hearings. Spanish interpretation or translation at public meetings will be provided by City staff, or an outside interpreter, as is appropriate and necessary.
- Transit information is available at various City of Dinuba community events. All public events are advertised on the City of Dinuba's social media accounts.
- Transit staff is present at various community events throughout the year. The City of Dinuba partners with the Dinuba School District, and the Dinuba Chamber of Commerce to distribute transit information and do public outreach.
- DART Transit staff set up a booth at non-profit organizations, and community organizations.
- City of Dinuba places the Tulare County Association of Governments (TCAG) Unmet Needs posters on the buses, at the Transit Center, Public Works Facility and at City Hall. The posters contain postcards that the public can submit to inform public officials about any unmet transit needs that may exist. The posters are written in English and Spanish as are the postcards. They also distribute the Fresno County Rural Transit Agencies Ridership Survey that is distributed on the Dinuba Connection buses.

Public Comment for Fare Increases and Major Service Changes

- The FTA requires that transit agencies hold a public hearing prior to the implementation of a fare increase or a major service change. A "major" service change is defined as a modification that affects 25% or more of a single route or 25% or more of all routes.
- In 2020 the City of Dinuba increased fares for the transit system. They held a public hearing scheduled as part of a regular Dinuba City Council meeting. The hearing was broadly advertised in the community in both English and Spanish through notices at the Transit Center, City Hall, the Public Works Department, and the Dinuba Community Center. In addition, the notices were placed onboard DART buses, on the City's website, on the City's main arterial El Monte Way advertising marquee, and in the local newspaper. The hearing was also advertised through targeted outreach to community organizations and individuals, as appropriate to the proposed change. The public hearing for the fare increase consisted of a staff report before the City Council, followed by public testimony. Public comments were submitted in person at the hearing, or submitted prior to the meeting date. All comments were presented to the City Council prior to Council approval of the proposed fare increase.

Summary of Outreach Efforts

The City of Dinuba currently conducts the following public outreach for DART services and activities:

Published Timetables

The system schedule is included in a guide prepared exclusively for the DART system. This schedule includes English and Spanish sections, and is available on the City of Dinuba's website (transportation/transit page) <http://www.dinuba.org/public-transit>.

Bilingual Outreach

All current City of Dinuba transit employees speak Spanish. The Public Work's Administrative Assistant provides the majority of the customer service to transit users and speaks fluent Spanish. In 2016 the City moved their contractor's operation (MV Transportation) to the Transit Center to offer additional bilingual bus dispatching and customer service. DART's dispatchers are bilingual as are the majority of DART drivers. The City of Dinuba's website (including the transportation/transit page) uses Google's translator tool to translate its entire website into 24 other languages (including Spanish) in one click. Bilingual assistance is utilized at public meetings/hearings when needed and appropriate.

In addition, the Green Line Call Center provides information in Spanish; the Green Line is a toll-free help line that provides information (route schedules, route transfers, etc.) for all public transit services within Tulare and Kings Counties, including DART. Data received from the Green Line indicates that they received the following number of calls specifically regarding DART: 2017 they received 75 calls, in 2018 78 calls, and in 2019 they received 256 calls. The majority of call were asking for route information. Unfortunately, they cannot indicate how many calls were from Spanish speaking callers.

Transit Development Plan (TDP)

The City of Dinuba completes a TDP for DART every five years. A new TDP was prepared in 2019. The TDP helps the city to assess transit and related transportation issues in the city and provides them with a "road map" for improvements to their transit system for a five-year period. As part of the TDP preparation process the city was involved in several outreach efforts. As part of the preparation of the Dinuba TDP there was several public outreach activities undertaken. The first activity included a decision-makers survey, where participants were asked a series of questions about transit and the direction it should take. The result of these surveys indicated a support for transit, but concern for managing costs and serving those with the greatest need (seniors, disabled, persons with low income). In March of 2019 a public workshop was held to gather additional input on the developed service alternatives. The result of this workshop indicated a need for service to the neighborhood around Viscaya Parkway, therefore this was added to the route alternatives. The workshop poster in English is displayed below, however there were also some available in Spanish.

Annual Unmet Transit Needs Process

The Tulare County Association of Governments (TCAG), as the regional transportation planning agency for Tulare County, is required under the California Transportation Development Act (TDA) to conduct an annual formal hearing process that solicits information about transit needs within Tulare County. Public participation is a key component of the TDA. Prior to making any allocation to member agencies (such as the City of Dinuba) not directly related to public transportation services, specialized transportation services, or facilities provided for the exclusive use of pedestrians and bicycles, TCAG must annually identify the unmet transit needs of all residents in the County and those needs that are reasonable to meet. This process involves public outreach and a public hearing before the TCAG Board to solicit comments on unmet needs that might be reasonable to meet by establishing or expanding public transportation services, and the adoption by resolution of findings related to public comments. The City of Dinuba is responsible for implementing service changes to accommodate any unmet needs within its jurisdiction that are found to be “reasonable to meet”, prior to receiving TDA funding for that year.

Public comments are invited through a wide array of mailing lists and agency contacts, by surface mail or email, and through testimony received in-person, by phone, or at the hearing. Bilingual posters and comment cards are posted at key stakeholder agencies and community organizations, as well as at all transit centers and onboard all buses that operate within Tulare County. The hearing is conducted in both English and Spanish, and a TCAG employee who speaks Spanish is present to assist with public testimony. TCAG also has Languageline available to translate for any other language that is needed. The City of Dinuba advertises the meeting on their Facebook page, onboard the buses and at their transit center.

SECTION 5: LIMITED ENGLISH PROFICIENCY (LEP) PLAN

Introduction

This Limited English Proficiency (LEP) Plan has been prepared to address the City of Dinuba's responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964; Federal Transit Administration Circular 4702.1B dated October 1, 2012 which states that no person shall be subjected to discrimination on the basis of race, color or national origin.

On August 11, 2000, President Clinton signed Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency," which indicates that differing treatment based upon a person's inability to speak, read, write, or understand English is a type of national origin discrimination. The Executive Order requires agencies to examine the services they provide, identify any need for services to those with limited English proficiency (LEP), and develop and implement a system to provide those services so LEP persons can have meaningful access to them. The Order applies to all state and local agencies which receive federal funds.

In addition, the Department of Transportation (DOT) has adopted the Department of Justice's (DOJ) Safe Harbor Provision which stipulates that a recipient of DOT funds must provide written translation of vital documents for all eligible LEP language groups that constitute "five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered." Vital documents are documents that convey information that critically affects the ability of the customer to make informed decisions about her/his participation in the program, such as: consent and complaint forms; application forms; written notices of rights; notices of denials, losses, or decreases in benefits or services; and notices advertising LEP individuals of free language assistance services.

Plan Summary

The City of Dinuba is the public transit operator within its jurisdictional boundaries, operating as Dinuba Area Regional Transit (DART). The City has developed this LEP plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency who wish to access services provided by DART. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, how to notify LEP persons that assistance is available, and staff training that may be required to assist LEP persons.

In order to prepare this plan, the City undertook the U.S. Department of Transportation (U.S. DOT) four-factor LEP analysis (see results on next page) which considers the following factors:

1. The number or proportion of LEP persons in the service area (city limits) who may be served by DART.
2. The frequency with which LEP persons come in contact with DART services.
3. The nature and importance of services provided by DART to the LEP population.
4. The resources available to the City and overall costs associated with providing LEP assistance.

Four-Factor Analysis

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by the City of Dinuba's transit services.

To identify the languages spoken by individuals within the DART service boundaries (City of Dinuba, city limits) the City used available U.S. Census data. A review of the 2013-2017 American Community Survey (ACS) revealed that 15,065 persons (70.5% of the population) in the City of Dinuba speak a language other than English. Of those 15,065 persons 5,955 (27.9%) have limited English proficiency; that is, they speak English less than "very well". Of those persons with limited English proficiency, 5,707 (26.7% of the service area population) speak Spanish; the remaining 248 respondents speak 4 other languages, each accounting for less than 1% of the population.

As shown in Table 5-1 below, Spanish is the only language that falls within the Safe Harbor Provision of over 5% or 1,000 persons (whichever is less) of the total population within the service area, with regards to the written translation requirements of vital documents.

Table 5-1: City of Dinuba – Language Spoken at Home		
Ability to Speak English	Population	Percent
<i>Total Population (5 years and older)</i>	21,377	100.00%
Speak only English	6,312	29.5%
Language other than English	15,065	70.5%
TOTAL population that Speaks English less than "very well"	5,955	27.9%
Spanish	5,707	26.7%
Vietnamese	44	0.21%
Tagalog	29	0.14%
Other Asian and Pacific Island	72	0.34%
Arabic	103	0.48%

2. The frequency with which LEP persons come into contact with the City's transit services.

The City of Dinuba used several strategies to assess the frequency with which staff and drivers have, or could have, contact with LEP persons. Staff interviews (both city and service contractor staff) were conducted in April of 2020 to assess the frequency with which staff and drivers have contact with LEP persons. In addition, during the preparation of the Dinuba TDP on-board surveys were conducted on all DART services in early November 2018. The riders were given a one-page questionnaire one side in English and the other side in Spanish. The results of these surveys is described below.

The surveys collected during the Dinuba TDP resulted in 205 surveys on the Fixed Route and 17 on DAR. Of the surveys collected on the Fixed route 41 were completed in Spanish the remaining 164 in English.

Dinuba Fixed Route

The results of the passenger surveys indicate that the riders are largely "transit dependent" and do not have a car available (82%) and another section do not have a driver's license (83%). Riders use transit for a variety of reasons but most often for school or college and shopping. Many of the passengers use DART on a daily basis (53%). The wheelchair lift was used by 5% of the survey respondents. The passengers on-board the Fixed Route were seniors over the age of 61 (16.5%) and over the age of 74 (just over 2%). The rest of the passengers were youth (29%), and adults ages 25 to 61 (54.4%).

Dinuba DAR

On the DAR there were 17 surveys returned all in English. As seen in the Fixed Route most of the DAR passengers are transit dependent and do not have a car available (11 of 15 that answered). Using DAR is not their only option however, some would take the Fixed Route (4) and some said they would obtain a ride (4). Of the rest of the passengers that took the survey 4 said they would walk and 3 of them would not be able to make the trip. Of the 17 passengers that took the survey only 2 used the wheelchair lift to board or exit the bus. The passengers on-board the DAR were made up of 10 youths, 4 of them were adults aged 15-61, and 3 were seniors over 61.

The most frequent contact with LEP persons is experienced by bus drivers, dispatch, and City transit staff at the Transit Center. Transit employees corroborated the demographic analysis stated previously; the majority of DART riders that speak a language other than English are Spanish speakers. The majority of transit employees come into contact with Spanish speaking riders 5 or more times a week. However, no requests for interpreters or translated documents have been noted to date, by either City transit employees or service contractor staff. Currently, all three City transit employees, and the majority of the City's service contractor staff (MV Transportation) is bilingual in English and Spanish.

Based on the above information, City staff will continue to incorporate bilingual staff, work with local community service agencies identified as having LEP (Spanish-speaking) clients, and ensure that DART information is posted in Spanish in high volume areas, such as onboard buses, at the Transit Center, and on the City's transportation/transit webpage. The TDP conducted on-board surveys on the Transit buses and on their Dial-A-Ride vehicles. All surveys distributed were English on one side and Spanish on the opposite side.

Based on the above information, City staff will continue to incorporate bilingual staff, work with local community service agencies identified as having LEP (Spanish-speaking) clients, and ensure that DART information is posted in Spanish in high volume areas, such as onboard buses, at the Transit Center, and on the City's transportation/transit webpage.

3. The nature and importance of Dinuba's transit services to affected LEP populations.

Spanish is the language that falls within the Safe Harbor provisions and is spoken less than very well by over 27.9% of the population of the City of Dinuba. According to the American Community Survey (2013-2017) LEP individuals use transit services extensively in the City of Dinuba and interact with DART employees on a daily basis, at the Dinuba Transit Center and with the drivers on-board the buses. They request information on the bus schedules, the cost to ride transit, buy passes and for a variety of other reasons. To assist in communicating with LEP individuals the City of Dinuba has made an extensive effort to hire Spanish speaking employees to work at the Transit Center and to drive the buses. This allows LEP individuals to purchase transit passes easily, obtain information on transit services or routes.

Low-income Spanish-speaking populations within Dinuba are most likely to be transit-dependent and face language-related barriers to using the City's public transit system. Therefore, in terms of outreach, the City is committed to continue its efforts to address language-related barriers faced by the Spanish-speaking population, such as ensuring vital DART documents are translated, and bilingual staff members are available as needed. Vital documents are those that demonstrate where and how to use DART services, how to access services and additional information, and information about DART's Americans with Disabilities Act (ADA) services and Title VI program. Implementation for translating these vital documents is detailed within this LEP plan.

4. The resources available to the City of Dinuba to provide adequate outreach to LEP populations to enable those populations to use the City's transit services, as well as the costs associated with that outreach.

To minimize the language barriers faced by the Spanish-speaking LEP population, and to fulfill the LEP requirements required under the Safe Harbor Provision, the City provides staff, written materials, and online and phone services in Spanish.

All current City transit staff, as well as all service contracted dispatchers and most drivers speak Spanish. Bilingual staff is available at the Transit Center, Public Works Services, and onboard DART buses to assist Spanish-speaking persons. Bilingual staff is also available via phone to assist Spanish-speaking patrons with general customer service inquiries (559-591-3278 or DART) and dial-a-ride reservations (559-595-8800). The City Clerk and a contracted certified interpreter provide translation services as needed at public hearings. The City also provides Spanish translation of its website content through Google Translator.

Supplementing the City's bilingual personnel are written translations of essential rider forms and service notice documents. Such documents include bus schedules, all notices related to service changes/updates and public meetings/hearings, rider and community surveys, ADA application, and DART's Title VI documents (notice to the public, complaint form/procedures, and notice regarding language assistance services).

The cost for the translation of most written materials is included within City transit staff salaries. Oral translation is included within City staff and service contractor salaries.

The City has allocated \$5,700 in its FY 2019/20 budget for advertising. These funds could be used for Spanish-language publications and radio spots, as needed.

Implementation Plan

Language Assistance Measures

The City of Dinuba provides numerous language assistance services for LEP persons, including both oral and written measures.

- Provide bilingual staffing (both City transit and service contractor employees) to provide Spanish-speaking interpretation at the Transit Center, Public Works Services, via the customer service and dispatch phone lines, and onboard DART buses;
- Provide all essential written material related to rider information in Spanish (including, but not limited to DART schedules, public notices, ADA application and Title VI documents and procedures);
- Place statements in public notices that interpreter services are available at these public meetings;
- DART staff set up a booth at non-profit organizations, and community organizations and seek opportunities to provide information about DART services to LEP individuals;
- Survey front-line transit staff (both City and service contractor employees) on an annual basis regarding their experiences with LEP individuals;
- Post the DART Title VI Program and LEP Plan on the City's website, <http://www.dinuba.org/public-transit>, at the Dinuba Transit Center, and at the Dinuba Public Works Services offices;
- When an interpreter is needed, for a language other than Spanish, the City will utilize a professional interpreter service.

Providing Notice to LEP Persons

In order to ensure that LEP individuals are aware of the language assistance measures related to DART, the City provides the following:

- Bilingual transit staff are present during most DART service hours for in-person and phone assistance;
- DART schedules include Spanish translation;

- All vital DART documents are printed and posted in Spanish at the Dinuba Transit Center, on the City's website (transportation/transit webpage), and on all DART buses. Such notices may also be posted or announced with local stakeholders, community centers, and at transit stops/shelters.
- A notice of the right to free language assistance will be included on important outreach documents, at the Dinuba Transit Center, and on the City's website (transportation/transit webpage).

Staff LEP Training

The following training is provided to City of Dinuba transit staff:

- Information on the City's DART Title VI Program (including language assistance services) and the City's LEP responsibilities;
- Documentation of language assistance requests;
- Assisting DART riders and the public in obtaining Title VI information, including how to file a complaint, and how to obtain translation services;
- How to handle a potential Title VI/LEP complaint.

The following training is provided to current service contractor (MV Transportation) staff:

- Annual "Sensitivity Training" that includes direction on how to manage non-English speaking persons.

Monitoring and Updating the LEP Plan

The City of Dinuba will update this LEP plan as required by the DOT. At a minimum, the plan will be reviewed and updated every three years in conjunction with the City's Title VI submission, or when it is clear that higher concentrations of LEP individuals are present in the DART service area, or as requested by the FTA or Caltrans. The City will monitor the LEP plan through the following techniques, and update the plan accordingly:

- Assign the day-to-day administration of the LEP program to the City's Business Manager, ensuring compliance and correct implementation;
- Add a question to all transit surveys to assess respondent's English proficiency and primary spoken language;
- Maintain on-going communication with organizations and agencies serving LEP populations;
- Review demographic changes reported by the US Census;

- Maintain internal monitoring of City and service contractor staff regarding their interaction with LEP persons;
- Determine whether DART's financial resources are sufficient to fund needed language assistance resources.

Dissemination of the LEP Plan

A link to the City of Dinuba/DART Title VI Program (including the City's LEP Plan) is included on the City of Dinuba website at <http://www.dinuba.org/public-transit> . Alternatively, any person or agency may request a copy of the LEP plan via telephone, mail, or in person and shall be provided a copy of the plan at no cost. The City will provide translated copies of the LEP plan to LEP persons upon request, if feasible.

Any questions or comments regarding this LEP Plan should be directed to:

SECTION 6: PARTICIPATION TABLE

Membership of Non-Elected Committees and Councils

The City of Dinuba does not currently have any transit-related non-elected planning boards, advisory councils or committees. During development of the City's Transit Development Plan (TDP) in 2019, which occurs every five years, the City formed a TDP Committee to provide stakeholder input on the plan. The committee was comprised of a broad cross-section of the community, including transit users, representatives of transit-dependent populations, community leaders, school representatives, social service providers, and transportation employees. The TDP Committee was an ad hoc committee that is not currently in existence. The City will continue to encourage the participation of minorities on all future TDP Committees.

SECTION 7: EQUITY ANALYSIS

Title VI Equity Analysis

The City of Dinuba did not construct any new transit facilities within the last three years and has no current plans for constructing any new transit-related facilities (including storage and maintenance facilities, and operation centers).

SECTION 8: SYSTEM-WIDE STANDARDS & POLICIES

System-wide service standards (quantitative) and service policies (qualitative) are required of all fixed route transit providers of public transportation that operate less than 50 fixed route vehicles in peak service and are not located in an Urbanized Area (UZA) of 200,000 people or more, such as Dinuba Area Regional Transit (DART).

DART Service Standards

Service Analysis

The City of Dinuba funds DART and Dinuba Connection. DART operates a Flexroute service, this is a combined fixed route and dial-a-ride service. Two 30 minute routes take you throughout Dinuba. Routes 1 and 2 operate along a fixed route, but leave the route to pick up dial-a-ride passengers between route stops. Dinuba Connection was developed in partnership with the Fresno County Rural Transit Agency (FCRTA), this route provides regional transit service between the City of Dinuba (Tulare County) and the City of Reedley (Fresno County). A map of the Dinuba Transit Service area is below.

Dinuba Connection

(DART) DINUBA AREA REGIONAL TRANSIT**Dinuba Connection****Vehicle Load Standards**

Per adopted DART service standards, the average for all loads during the peak operating period should not exceed 1.25 passengers per seat (one standee for every four occupied bus seats).

Table 7-1: DART Vehicle Load Standards

Vehicle Type	Average Passenger Capacities			
	Seated	Standing	Total	Maximum Load Factor
25' Cutaway	20	4	24	1.25
30' Cutaway	27	6	33	1.25
33' Transit Bus	31	7	38	1.25
31' Trolley Bus	27	6	33	1.25

Vehicle Headway Standards

Per adopted DART service standards, service headways should be such that passenger load standards are not exceeded on a continual basis. Current DART headways are as follows:

DART Flexroute (Route 1 & Route 2)

DART provides flexroute service Monday through Saturday during the following hours:

Monday – Thursday	7:00 am to 6:00 pm
Friday	7:00 am to 9:00 pm
Saturday	9:00 am to 6:00 pm

Flexroute service is provided every 30 minutes during peak weekday hours. The service runs limited (1 hour) headways on Friday (between 6 pm and 9 pm) and Saturday (all day), using one bus for both routes instead of two; the Route 1 runs every hour on the hour, and the Route 2 runs every hour on the half hour.

Dinuba Connection

The Dinuba Connection provides service between Dinuba and Reedley, with stops at Reedley College and Adventist Health – Reedley Hospital, Monday through Friday during the following hours:

School Year Schedule (mid-August through mid-June)

Monday – Friday 7:00 am to 9:00 pm

Summer Schedule (mid-June through mid-August)

Monday – Friday 7:00 am to 3:00 pm

Dinuba Connection service is provided every 60 minutes during operating hours.

On-time Performance Standards

Per adopted DART service standards:

- Ninety (90%) percent of all revenue bus trips must depart the route start point and arrive at the route end point within 5 minutes of the time published in the schedule.
- No bus shall depart a formal time point before the time published in the schedule.
- Ninety (90%) percent of all demand-response same-day service will occur within 60 minutes of call time (call time to drop off).

Service Availability Standards

Per adopted service standards, it is the City of Dinuba’s goal to provide transit service to key trip origins and destinations throughout the city, such as apartments, clinics, retail centers, recreation centers and senior centers where ridership is expected to be high. The local route system will be designed such that approximately 70% of all city residences or activity centers will be within approximately one-quarter (1/4) mile walking distance of a bus stop or serviced by dial-a-ride. Bus stops will be spaced at a minimum of 1,200 feet along each route.

DART Service Policies

Vehicle Assignment Policy

DART vehicles are assigned to routes based on the operating characteristics of the routes. Local routes typically operate the smaller (25') more maneuverable cutaway type buses,

while the Dinuba Connection service to Reedley College typically operates the larger (30'+) buses to accommodate longer distance travel and larger passenger loads. All vehicles within the DART fleet are wheelchair lift-equipped, interior/exterior security surveillance camera systems-equipped, and are equipped with heating and air conditioning.

Transit Amenities Policy

Per adopted service standards, benches and/or shelters should be considered for individual stops where the average daily boardings exceed 20 passengers. Priority should be given to bus stops serving senior residences or activity centers, or facilities which serve clients with mobility impairments. All bus stops should be clearly marked with proper signage.

SECTION 9: COUNCIL RESOLUTION

RESOLUTION NO. 2020-29

**A RESOLUTION AUTHORIZING AN UPDATE TO THE CITY OF DINUBA'S TITLE VI PROGRAM TO MEET THE
FEDERAL REGULATORY REQUIREMENTS FOR TITLE VI OF THE CIVIL RIGHTS ACT OF 1964
ESTABLISHED BY 49 CFR PART 21.7**

WHEREAS, the City is a recipient of Federal revenues and is required to meet federal regulatory requirements for Title VI of the Civil Rights Act of 1964 established by 49 CFR part 21.7; and

WHEREAS, the City has or will provide all annual certifications and assurances to the Federal Transit Administration required for the Title VI Program; and

WHEREAS, the City assures that no person or group of persons on the basis of race, color, national origin, including limited English proficient persons are subjected to discrimination in the level and quality of transportation services, programs, and activities provided, whether federally funded or not; and

WHEREAS, the City assures that all residents and visitors of the City are afforded meaningful access to our programs, activities, and services; and

WHEREAS, the City updated the City's Title VI Program to meet current Federal Transit Administration Guidelines.

IT IS NOW THEREFORE RESOLVED THAT the City Council approves and adopts the updated City of Dinuba Title VI Program.

Subject: Authorization to Approve a One Year Extension for Professional Services Contract to Yamabe & Horn Engineering, Inc. for On-Call Civil Engineering Services with a Designated City Engineer (IH)

RECOMMENDATION

Council authorize a one year contract extension to Yamabe & Horn Engineering, Inc. for on-call civil engineering services with a designated City Engineer extending their contract to May 31, 2021.

EXECUTIVE SUMMARY

The City of Dinuba has contracted with Yamabe and Horn Engineering, Inc. for on-call engineering services with a designated City Engineer, since June 1, 2017. Given their satisfactory performance, staff recommends that the City Council extend the subject contract to May 31, 2021.

OUTSTANDING ISSUES

None.

DISCUSSION

For many years the City of Dinuba has contracted with civil engineering firms to perform a variety of routine and project-specific professional engineering services. The City's last agreement for services was executed with Yamabe & Horn Engineering Inc., (Y&H) with a commencement date of June 1, 2017 and an expiration date of May 31, 2020. Given the satisfactory work performance of Y&H, staff recommends that this contract be extended for one additional year with a revised expiration date of May 31, 2021.

Y&H has designated, and the City has approved, Jason Watts to serve as the City's contract Engineer. Jason enjoys a great working relationship with City Staff and State and Federal representatives. Jason has also demonstrated good judgement and a good work ethic when working with Dinuba business owners and City residents. Jason and his team offer very important services to the City of Dinuba. Their efforts make it possible for City Staff to deliver a variety of capital projects, new subdivisions, and apply for new grants among many other things.

More specifically, the Y&H scope of work includes, but is not limited to, the following:

City Engineering Duties:

- Prepare reports, investigations, studies and evaluations as, from time to time, may be required and directed by the City
- Consulting services to the City Council, Commissions, and Staff
- Represent City on Boards and Advisory Groups
- Represent City to applicants and developers of constructions projects
- Technical resource for grant and loan applications, and Utility Master Plans
- Prepare all documents necessary to obtain "Authority to Use Grant Funds"
- Technical resource for Capital Improvement projects including State and Federally funded projects and related assignments

Project-Specific Duties:

- Traffic engineering services, including preparation of traffic warrant studies, review of traffic impact studies, and recommendation of traffic control measures
- Review of plans, specifications, estimates and bid documents for a variety of public work projects. provide bid assistance and construction support throughout project construction, and assist with project closeout activities as needed to comply with applicable reporting requirements related to State or Federal funding sources
- Inspections services for a variety of private development and capital improvement projects to ensure compliance with approved plans, specifications, City standards, and other applicable local, State, and federal requirements
- Research
- Check subdivision and parcel maps for compliance with California State Subdivision Map Act requirements. Stamp and sign subdivision maps, parcel maps, lot line adjustments, and other documents as necessary, as City surveyor
- Determine locations of property lines, boundaries, easements and rights-of-way
- Construction surveys for Capital Improvement Projects
- Establish and adjust benchmarks
- Establish and document street center lines
- Traditional topographic surveys and aerial topographic surveys to determine locations and elevations of existing improvements, structures, and topographic features
- Perform research and survey work related to property divisions and mergers
- Perform research and survey work related to public and private land ownership, public and private easements, public improvements, construction, and historic information
- Perform all survey-related, and some engineering-related, computations and drawings using traditional methods and/or using computer methods currently available within the City
- Prepare and interpret deeds and descriptions
- Develop legal descriptions and plot maps
- Other engineering and survey-related tasks as necessary

The City Council's approval of Amendment Number 1 (See Attachment "A"), to the subject service agreement will allow current capital and development projects to continue without interruption. Staff intends to perform a formal bidding selection process for this contract before the revised expiration date.

FISCAL IMPACT

Assignments are given on a task order basis. Staff anticipates that engineering expenses on State and Federally-funded projects are reimbursable expenses.

6. DEPARTMENT REPORTS

6.1. SUBJECT

Covid-19 Update (LP)

RECOMMENDATION

Council to receive informational update regarding Covid-19 pandemic and provide direction to staff as necessary.

City Manager Patlan presented an informational update for the Council in regard to Covid-19. He reported that much has happened since the last Council meeting. He reported that 48 states have started to open back up and he shared that Governor Newsom ordered some businesses could move to stage 2.

Patlan shared that the City is looking at a possible \$250,000-\$500,000 budgetary shortfall. Covid-19 cases continue to rise and testing has begun at the Veterans Memorial Hall. He reported there is much confusion and frustration as businesses are allowed to open. He noted that staff has been working with some of the small businesses that are experiencing trouble. So far, only one small business has requested assistance with their utility services.

Patlan shared that the CDC is still recommending that when out in public people should wear masks and we will continue to encourage folks on social media. Staff will also place it on AlerTC to remind residents.

Mayor Thusu stated we must yield to the county health department and those who instruct us in this situation.

Council Member Launer noted that over the weekend there was a large group of people selling items on the corner of Crawford and Nebraska. There were also people gathering for graduation parties. She stated we need to be more diligent in this because there are those who are not heeding the guidance to protect themselves and others.

7. MAYOR/COUNCIL REPORTS

Council Member Reynosa said she contacted city departments and she said the response to complaints that were given to her by people in her area, were handled quickly. She commended staff for their quick response.

Council Member Launer shared that there are so many people who are unsettled and she thanked the Council and staff for working through this difficult time.

Council Member Morales thanked first responders and staff for efforts to flatten the Covid infection curve. He added that unfortunately, our country has been hit pretty hard and we are all doing what we can in hopes this will soon pass.

Mayor Thusu echoed the sentiments of the Council. he thanked staff for what they are doing and thanked the County Health Department as they are helping with the Covid testing.

8. CITY MANAGER COMMUNICATIONS

City Manager Patlan shared that staff continues to do a great job and we are trying to

keep services going and keep staff and residents safe.

9. CITY STAFF COMMUNICATIONS

Assistant City Manager James shared that he plans to continue sharing the county health department's information on social media and AlerTC.

Fire Chief Thompson reported that incidents are back up to pre Covid-19 levels. Staff is seeing 1 to 2 patients with Covid-related symptoms per day. Testing is ongoing at the Memorial Hall.

Chief Thompson said his department is doing well with protective gear due in part to Best Buy, Patterson Dental and Walmart.

Chief Popovich said his department has been busy. Officer Martin has transitioned to the detective's position. Testing for Animal Control Officer is ongoing.

10. CLOSED SESSION

10.1. Conference with Legal Counsel (NJ)

Pursuant to GC 54956.9(1);

Name of Case: Tulare County Superior Court Case No. 278952; Southern California Gas Company v. Papich Construction, Inc., and the City of Dinuba.

City Council Staff Report

Department: PUBLIC WORKS

May 26, 2020

To: Mayor and City Council

From: Ismael Hernandez, Public Works Director

By: George Avila, Business Manager

Subject: Resolution No. 2020-28 Authorizing Submittal of Annual Claim for State Highway Account Funds in Exchange for Regional Surface Transportation Program (RSTP) Funds for FY 19-20 (IH)

RECOMMENDATION

Council adopt Resolution No. 2020-28 authorizing the Public Works Director to submit a claim to the Tulare County Association of Governments (TCAG) to exchange the City's Fiscal Year 2019-2020 Regional Surface Transportation Program (RSTP) funds for State Highway Account Funds in the estimated amount of \$289,860.

EXECUTIVE SUMMARY

Each year the City of Dinuba is allocated federal Regional Surface Transportation Program (RSTP) funds. This funding is designated for surface transportation improvements and must be spent in compliance with federal regulations. However, State law allows for RSTP funds to be exchanged for State Highway Account Funds giving the City more spending flexibility. In order to receive this money, the City must submit a claim to the Tulare County Association of Governments (TCAG) authorized by City Council Resolution. The amount allocated to the City of Dinuba for FY 19-20 is estimated at \$289,860.

OUTSTANDING ISSUES

None.

DISCUSSION

The Surface Transportation Program (STP) was established by the 1991 Federal Intermodal Surface Transportation Efficiency Act (ISTEA). The STP is administered by the U.S. Department of Transportation. STP funds may be used for public transportation capital improvements such as roads, bicycle and pedestrian facilities, and intercity or intracity bus terminals and bus facilities.

The STP provides funding allocations for urban and rural cities. The Tulare County Association of Governments (TCAG) receives regional STP funds on behalf of Tulare County. TCAG is expected to receive approximately \$6 million dollars this fiscal year. TCAG distributes these funds to member cities using a population-based formula. The estimated allocation of STP funds for the City of Dinuba is \$289,860.

Given the rural classification of Tulare County, state law allows for certain jurisdictions to exchange their regional share of federal STP funding for State Highway Account Funds. This exchange is beneficial to smaller cities because state funds have fewer restrictions, shorter environmental processes and no local match requirement. Thus, the exchange gives Dinuba more flexibility for the use of these funds.

The City of Dinuba has participated in the exchange of funds for many years. As in previous years, these funds will be deposited into the City's Gas Tax fund and will be used to fund a portion of the operating expenditures for the City's Transportation Services Division. These expenditures include employee salaries, debt service, and capital projects.

Resolution No. 2020-28 enclosed herein as Attachment 'A' will authorize the Public Works Director to submit a claim for regional STP funds in exchange for State Highway Accounts funds in the amount of \$289,860 for FY 2019-20.

FISCAL IMPACT

The \$289,860 allocation pays for a portion of the operating expenses of the City's Transportation Services Division.

RESOLUTION NO. 2020-28

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DINUBA AUTHORIZING THE PUBLIC WORKS DIRECTOR TO FILE A REGIONAL SURFACE TRANSPORTATION PROGRAM (RSTP) CLAIM FORM IN EXCHANGE FOR STATE HIGHWAY ACCOUNT FUNDS FOR FISCAL YEAR 2019-2020

WHEREAS, the Tulare County Association of Governments (TCAG) and the California Department of Transportation (Caltrans) have entered into a Standard Agreement contract to exchange unobligated balances of federal Regional Surface Transportation Program (RSTP) funds with non-federal State Highway Account funds; and

WHEREAS, Caltrans Division of Programming releases a 5-year ESTIMATE of RSTP Exchange Program apportionments for inclusion in the Federal Transportation Improvement Program (FTIP) Programming document every 2-years to California Metropolitan Planning Organizations (MPOs);

WHEREAS, TCAG is the designated MPO for Tulare County;

WHEREAS, the Annual RSTP Exchange Program fund apportionment is an ESTIMATE and subject to change during the fiscal year (2019-2020) due to many Federal Surface Transportation Bill variables including the annual appropriations act as well as other Congressional action (i.e. rescissions);

WHEREAS, a FINAL RSTP Exchange apportionment amount is published at the end of the FY19-20 and can be different than the ESTIMATE RSTP Exchange apportionment figure;

WHEREAS, annually, Caltrans sends TCAG a Standard Agreement contract that includes an RSTP Exchange Program apportionment figure;

WHEREAS, TCAG applies a RSTP population based distribution formula using current Department of Finance (DOF) population estimates (January 2020) to the RSTP apportionment to determine the amount of RSTP Exchange funds to be distribution to TCAG member jurisdictions;

WHEREAS, the City of Dinuba has an ESTIMATE RSTP Exchange Program fund apportionment amount available to claim in FY19-20 is \$289,860

WHEREAS, payment of the ESTIMATE RSTP Exchange fund claim will be subject to all conditions specified in the fully executed standard contract agreement between TCAG and Caltrans, as well as the TCAG RSTP Exchange Claim form requirements: Projects to be funded with this claim are only those projects that are defined under Sections 133(b) and 133(c) of Title 23, United States Code and Article

XIX of the California State Constitution, implemented in accordance with the requirements of Section 182.6(d)(1) of the Streets and Highways Code.

WHEREAS, if the FINAL RSTP Exchange apportionment figure is higher for FY19-20 than the ESTIMATE RSTP Exchange apportionment figure, Caltrans would have to revise the RSTP Exchange Standard Agreement contract with the higher RSTP figure before TCAG could instruct the Tulare County Auditor Controller's Officer to distribute a greater amount of RSTP Exchange Program funds to member agencies, than identified in this resolution;

WHEREAS, if the FINAL RSTP Exchange apportionment figure is lower for FY19-20 than the ESTIMATE RSTP Exchange apportionment amount, Caltrans does not have to revise the RSTP Exchange contract with the lower amount before TCAG could recalculate the available RSTP Exchange Program funds using the same population-based formula and then instruct the Tulare County Auditor Controller's Officer to distribute the lower FY19-20 FINAL RSTP Exchange Program fund amount to member agencies;

WHEREAS, the City of Dinuba has established special gas tax street improvement fund as a requirement to receive the RSTP Exchange Program funds; and

WHEREAS, it is deemed in the best interest of the City of Dinuba the Public Works Director is authorized to sign the FY19-20 RSTP Exchange Program fund claim form and to submit said claim form to TCAG for processing.

City Council Staff Report

Department: ENGINEER/PLANNING

May 26, 2020

To: Mayor and City Council
From: Jason Watts, City Engineer
Subject: Resolution No. 2020-30 Dedication of Property in Fee for Public Street and Utility Purposes (JW)

RECOMMENDATION

Staff recommends that council, in one motion, adopt Resolution No. 2020-30 which:

1. Accepts the property along Kamm Avenue in fee for Public Street and Utility Purposes.
2. Authorizes the City of Dinuba to exchange a portion of property on the northside of the Garcia property for a portion of property along the southside fronting Kamm Avenue via a Quitclaim Deed.
3. Authorizes the City Manager or designee to sign the Quitclaim deed.

EXECUTIVE SUMMARY

The City approved Resolution No. 2019-62 on November 26, 2019 approving a Final Map and Subdivision Development Agreement for the Ridge Creek Ranch Estate Subdivision Phases III & IV. During the presentation of the staff report, two residents expressed their concerns regarding how the Ridge Creek Ranch Phases III & IV Subdivision could possibly impact their property. Council approved the staff report with a contingency to address the concerns of said residents which has been completed.

In order to proceed with the construction of the subdivision, address the property owners concerns, and fully build out Kamm Avenue to the north along the frontage of the subdivision, Staff is recommending Council accept and exchange the necessary property.

OUTSTANDING ISSUES

None.

DISCUSSION

Woodside Homes acquired the tentative map for the Ridge Creek Estates Subdivision consisting of 170 single family lots adjacent to the golf course in December 2015. Woodside Homes is currently developing Phases I, II, III & IV of the project consisting of 170 lots.

In order to construct the off-site improvements on Kamm Avenue along the frontage of the affected property owners, Staff believes it is the best interest of the public to construct certain street improvements in order to mitigate the impact to the residents affected by the subdivision. If approved, Woodside Homes will proceed with the construction of the road improvements.

Per City Council's direction from the meeting held on November 26, 2019, Staff worked with both property owners who have agreed on the required street improvements to address safety concerns and property impacts.

Through research and negotiations with the the property owners, it became evident that the property that the City is exchanging via a Quitclaim deed was originally used by the previous grounds keeper for the Ridge Creek Golf Course. The intent of said property has changed and has no use to the City. The property owners mistakenly believed that the

property belonged to them because of the way the property is fenced. Therefore, they are currently occupying the property. Due to the nuisance, maintenance burden, and lack of future plans for the subject property, staff believes it is in the best interest of the City to exchange the property for the necessary right of way required for the street improvements along the frontage of Kamm Avenue.

The developer has made significant progress on the subdivision, and with City Council approval, the improvements along Kamm Avenue are scheduled to be completed by the end of Summer of this year.

FISCAL IMPACT

There is no fiscal impact as part of this action. The land exchange is a no cost exchange and has no direct fiscal impact. An amendment to the Subdivision Agreement will be presented at a future date.

City Council Staff Report

Department: ENGINEER/PLANNING

May 26, 2020

To: Mayor and City Council
From: Jason Watts, City Engineer
Subject: Award of Contract for Well No. 21 Test Well (JW)

RECOMMENDATION

Council to award the contract for the Well No. 21 Test Well to Johnson Drilling Company, Inc. in the amount of \$113,250.00 and authorize the City Manager or designee to sign the contract documents.

EXECUTIVE SUMMARY

On May 20, 2020, the city received one (1) bid proposal for the Well No. 21 Test Well Project. The lowest responsive bid was received from Johnson Drilling Company Inc. in the amount of \$113,250.00.

OUTSTANDING ISSUES

None.

DISCUSSION

The City identified the need for an additional well to provide sufficient water to accommodate new and projected growth. The cost of a new well is approximately \$2.4 million. The city was awarded \$1.0 million from the state in 2019 as part of State Senator Melissa Hurtado's budget request to cover a portion of the cost for the new well.

The city's engineer has prepared the preliminary design for the new well. Before the new well can be developed, a test well is needed to determine the existing water quality characteristics and the depths of water-bearing soils. After the test well is drilled, the groundwater will be sampled and tested for various contaminants and the water-bearing soil strata will be measured and used in determining the appropriate data for the eventual production well.

Staff solicited bids for the test well and received a total of one (1) proposal from Johnson Drilling Company, Inc. in the amount of \$113,250. A copy of the bid is enclosed herein as Attachment 'A'.

Staff has reviewed the bid and is recommending the City Council award the construction contract for the Well No. 21 Test Well Project to Johnson Drilling Company, Inc. in the amount of \$113,250.00.

The 2008 Water System Master Plan identified the optimal location of the proposed test well at the intersection of Road 64 and El Monte Way as show in the Project Vicinity Map enclosed as Attachment 'B'.

Should the test well data prove that the site is productive for good quality and quantity of groundwater, the city will proceed with final design, develop cost estimates and budget, and prepare the well site construction for bid in 2021.

FISCAL IMPACT

The cost of the test well project totaling \$113,250.00 will be funded through the \$1.0 million state appropriation.

NOTICE

Notice is hereby given that the plans and specifications for this project have been revised as prescribed by this Addendum. It is mandatory that all bidders comply with the changes detailed herein. This Addendum shall be signed by the Bidder and attached to the inside of the Contract Documents. All changes, omissions, additions and alterations in, on and to the Contract Documents and Specification will apply to proposals made for the execution of the various parts of the work affected thereby. Careful note of this Addendum shall be taken by all parties of interest so that the proper allowance may be made in all computations, estimates and contracts, and all trades affected shall be fully advised in the performance of the work which will be required by them. In cases of conflict between the Plans, Specifications and this Addendum, this Addendum shall govern.

1. SPECIFICATIONS, NOTICE INVITING BIDS

Due to precautions related to COVID-19, sealed proposals **will not** be delivered to the office of the City Clerk. Sealed proposals **shall be** delivered to the office of the City Engineer at Yamabe & Horn Engineering Inc., 2985 N. Burl Avenue, Suite 101, Fresno, CA 93727.

The first paragraph on page NIB-1 of the project specifications shall be revised as shown below:

"Sealed proposals will be received at the office of the City Engineer, 2985 N. Burl Avenue, Suite 101, Fresno, CA, 93727, until **Wednesday, May 20, 2020 at 2:00 PM**, at which time they will be publicly opened and read in said building for construction in accordance with the specifications therefore, to which special reference is made as follows:"

2. SPECIFICATIONS, BID PROPOSAL

The bid proposal form has been revised to include four (4) zones for Bid Item No. 6 "Install Submersible Pump & Pump for Two Hours (Min.) for each zone". Contractor shall replace page BP-2 of the bid proposal form with the attached page for submittal of bid.

3. SPECIFICATIONS, SP1.36 TEST WELL SPECIFICATIONS

This section has been revised to include four (4) depths of water sampling. Contractor shall remove and replace the 3rd paragraph in the subsection labeled "Taking Water Samples" with the section provided below.

"In addition to the above described test sampling, at four (4) depths selected by the Geologist, the Contractor shall remove the drill string from the test well, install a submersible pump, and the test well shall be pumped for two hours at a minimum 80 gpm

to obtain samples of water. The furnishing, installing, and operation of the pump shall be completed by the Contractor. It is estimated that one-half (1/2) day will be required for pump installation, pumping, and pump pulling at each of the three depths for the test well. The Geologist shall collect the water samples for laboratory analyses and arrange for the analyses."

CANCELLATION

SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATE THEREOF, NOTICE WILL BE DELIVERED IN ACCORDANCE WITH THE POLICY PROVISIONS.

AUTHORIZED REPRESENTATIVE

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

GENERAL LIABILITY ELITE EXTENSION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

The COMMERCIAL GENERAL LIABILITY COVERAGE FORM is amended to include the following clarifications and extensions of coverage. The provisions of the Coverage Form apply unless modified by endorsement.

A. EXPECTED OR INTENDED INJURY

Section I – Coverage A, Exclusion a. is amended as follows:

- a. "Bodily injury" or "property damage" expected or intended from the standpoint of an insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

B. NON-OWNED WATERCRAFT

Section I – Coverage A, Exclusion g.(2) is amended as follows:

- (2) A watercraft you do not own that is:
 - (a) Less than 60 feet long; and
 - (b) Not being used to carry person(s) or property for a charge;

C. EXTENDED PROPERTY DAMAGE COVERAGE

Section I – Coverage A, Exclusions j.(3) and (4) is amended to add the following:

Paragraphs (3) and (4) of this exclusion do not apply to tools or equipment loaned to you, provided they are not being used to perform operations at the time of loss.

SCHEDULE	
Limits Of Insurance	Deductible
\$5,000 Each Occurrence	\$250 Per Claim
\$10,000 Annual Aggregate	

- a. The each occurrence limit listed above is the most we will pay for all damages because of "property damage" to property in the care, custody and control of or property loaned to an insured as the result of any one "occurrence", regardless of the number of:

- (1) insureds;
- (2) claims made or "suits" brought;
- (3) persons or organizations making claims or bringing "suits".

The aggregate limit listed above is the most we will pay for all damages because of "property damage" to property in the care custody and control of or property loaned to an insured during the policy period.

Any payment we make for damages because of "property damage" to property in the care, custody and control of or property loaned to an insured will apply against the General Aggregate Limit shown in the declarations.

- b. Our obligation to pay damages on your behalf applies only to the amount of damages in excess of the deductible amount listed above. We may pay any part or all of the deductible amount listed above. We may pay any part or all of the deductible amount to effect settlement of any claim or "suit" and upon notification by us, you will promptly reimburse us for that part of the deductible we paid.

- c. If two or more coverages apply under one "occurrence", only the highest per claim deductible applicable to these coverages will apply.

- d. Insurance provided by this provision is excess over any other insurance, whether primary, excess, contingent or any other basis. Since insurance provided by this endorsement is excess, we will have no duty to defend any claim or "suit" to which insurance provided by this endorsement applies if any other insurer has a duty to defend such a claim or "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

D. PROPERTY DAMAGE – ELEVATORS

Section I – Coverage A.2. Exclusions paragraphs j.(3), j.(4), j.(6) and k. do not apply to use of elevators. This insurance afforded by this provision is excess over any valid and collectible property insurance (including any deductible) available to the insured and **Section IV – Commercial General Liability Conditions** paragraph 4. **Other Insurance** is changed accordingly.

E. FIRE, LIGHTNING OR EXPLOSION DAMAGE

Except where it is used in the term "hostile fire", the word fire includes fire, lightning or explosion wherever it appears in the Coverage Form.

Under **Section I – Coverage A**, the last paragraph (after the exclusions) is replaced with the following:

Exclusions c. through n. do not apply to damage by fire, smoke or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to this coverage as described in **Section III – Limits of Insurance**.

F. MEDICAL PAYMENTS

If **Section I – Coverage C. Medical Payments Coverage** is not otherwise excluded from this Coverage Form:

The requirement, in the Insuring Agreement of Coverage C., that expenses must be incurred and reported to us within **one year** of the accident date is changed to **three years**.

G. SUPPLEMENTARY PAYMENTS

Supplementary Payments – Coverages A and B paragraphs 1.b. and 1.d. are replaced by the following:

1.b. Up to \$5,000 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

1.d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to \$500 a day because of time off from work.

H. SUBSIDIARIES AS INSURED

Section II – Who Is An Insured is amended to add the following:

1.f. Any legally incorporated subsidiary in which you own more than 50% of the voting stock on the effective date of this policy. However, insured does not include any subsidiary that is an insured under any other general liability policy, or would have been an insured under such a policy but for termination of that policy or the exhaustion of that policy's limits of liability.

I. BLANKET ADDITIONAL INSURED – AS REQUIRED BY CONTRACT

1. **Section II – Who Is An Insured** is amended to include as an additional insured any person(s) or organization(s) subject to provisions in Paragraph 2. below, (hereinafter referred to as additional insured) when you and such person(s) or organization(s) have agreed in a written contract or written agreement that such person(s) or organization(s) be added as an additional insured on your policy provided that the written contract or agreement is:

- a. Currently in effect or becomes effective during the policy period; and
- b. Executed prior to an "occurrence" or offense to which this insurance would apply.

However, the insurance afforded to such additional insured:

- a. Only applies to the extent permitted by law; and
- b. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured; and
- c. Applies only if the person or organization is not specifically named as an additional insured under any other provision of, or endorsement added to, **Section II – Who Is An Insured** of this policy.

2. As provided herein, the insurance coverage provided to such additional insureds is limited to:

- a. Any Controlling Interest, but only with respect to their liability arising out of their financial control of you; or premises they own, maintain, or control while you lease or occupy these premises.

This insurance does not apply to structural alterations, new construction and demolition operations performed by or for that person or organization.

- b. Any architect, engineer, or surveyor engaged by you but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf.

- (1) In connection with your premises; or
- (2) In the performance of your ongoing operations.

With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services by or for you, including:

- (1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- (2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional services by or for you.

- c. Any manager or lessor of a premises leased to you, but only with respect to liability arising out of the ownership, maintenance or use of that part of a premises leased to you, subject to the following additional exclusions:

This insurance does not apply to:

- (1) Any "occurrence" which takes place after you cease to be a tenant in that premises.
 - (2) Structural alterations, new construction or demolition operations performed by or on behalf of such additional insured.
- d. Any state or governmental agency or subdivision or political subdivision, subject to the following:
 - (1) This insurance applies only with respect to the following hazards for which any state or governmental agency or subdivision or political subdivision has issued a permit or authorization in connection with premises you own, rent or control and to which this insurance applies:
 - (a) The existence, maintenance, repair, construction, erection or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, street banners or decorations and similar exposures; or
 - (b) The construction, erection or removal of elevators; or
 - (c) The ownership, maintenance or use of any elevators covered by this insurance.
 - (2) This insurance applies only with respect to operations performed by you or on your behalf for which any state or governmental agency or subdivision or political subdivision has issued a permit or authorization.

This insurance does not apply to:

- (a) "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
 - (b) "Bodily injury" or "property damage" included within the "products-completed operations hazard".
- e. Any vendor, but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business.

With respect to the insurance afforded to these vendors, the following additional exclusions apply:

- (1) The insurance afforded any vendor does not apply to:
 - (a) "Bodily injury" or "property damage" for which any vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that any vendor would have in the absence of the contract or agreement;
 - (b) Any express warranty unauthorized by you;
 - (c) Any physical or chemical change in the product made intentionally by any vendor;
 - (d) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;
 - (e) Any failure to make such inspections, adjustments, tests or servicing as any vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;
 - (f) Demonstration, installation, servicing or repair operations, except such operations performed at any vendor's premises in connection with the sale of the product;
 - (g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for any vendor; or

(h) "Bodily injury" or "property damage" arising out of the sole negligence of any vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:

(i) The exceptions contained in Subparagraphs (d) or (f); or

(ii) Such inspections, adjustments, tests or servicing as any vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

(2) This insurance does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

f. Any Mortgagee, Assignee Or Receiver, but only with respect to their liability as mortgagee, assignee, or receiver and arising out of the ownership, maintenance, or use of the premises by you.

This insurance does not apply to structural alterations, new construction and demolition operations performed by or for that person or organization.

g. Any Owners Or Other Interests From Whom Land Has Been Leased, but only with respect to liability arising out of the ownership, maintenance or use of that part of the land leased to you.

With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

(1) This insurance does not apply to:

(a) Any "occurrence" which takes place after you cease to lease that land;

(b) Structural alterations, new construction or demolition operations performed by or on behalf of such additional insured.

h. Any person or organization from whom you lease equipment, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part by your maintenance, operation or use of equipment leased to you by such person(s) or organization(s).

A person's or organization's status as an additional insured under this endorsement ends when their contract or agreement with you for such leased equipment ends.

With respect to the insurance afforded to these additional insureds, this insurance does not apply to any "occurrence" which takes place after the equipment lease expires.

i. Any Owners, Lessees, or Contractors for whom you are performing operations, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

(1) Your acts or omissions; or

(2) The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to:

(1) "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

(a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(b) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

(2) "Bodily injury" or "property damage" occurring after:

- (a) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
 - (b) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
- j. Any Grantor of Licenses to you, but only with respect to their liability as grantor of licenses to you.
- Their status as additional insured under this endorsement ends when:
- 1. The license granted to you by such person(s) or organization(s) expires; or
 - 2. Your license is terminated or revoked by such person(s) or organization(s) prior to expiration of the license as stipulated by the contract or agreement.
- k. Any Grantor of Franchise, but only with respect to their liability as grantor of a franchise to you.
- l. Any Co-owner of Insured Premises, but only with respect to their liability as co-owner of any insured premises.
- m. Any Concessionaires Trading Under Your Name, but only with respect to their liability as a concessionaire trading under your name.
3. Any insurance provided to any additional insured does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the sole negligence or willful misconduct of the additional insured or its agents, "employees" or any other representative of the additional insured.
4. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits of Insurance**:
- If coverage provided to any additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:
- a. Required by the contract or agreement; or
 - b. Available under the applicable Limits of Insurance shown in the Declarations;
- whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

J. COVERAGE FOR INJURY TO CO-EMPLOYEES AND/OR YOUR OTHER VOLUNTEER WORKERS

Section II – Who is an Insured, paragraph 2.a. (1) is amended to add the following:

- e. Paragraphs (a), (b), and (c) do not apply to your "employees" or "volunteer workers" with respect to "bodily injury" to a co-"employee" or other "volunteer worker".

Damages owed to an injured co-"employee" or "volunteer worker" will be reduced by any amount paid or available to the injured co-"employee" or "volunteer worker" under any other valid and collectible insurance.

K. HEALTH CARE SERVICE PROFESSIONALS AS INSURED - INCIDENTAL MALPRACTICE

Section II – Who is an Insured, paragraph 2.a. (1) (d) is amended as follows:

This provision does not apply to Nurses, Emergency Medical Technicians, or Paramedics who provide professional health care services on your behalf.

However this exception does not apply if you are in the business or occupation of providing any such professional services.

L. NEWLY FORMED OR ACQUIRED ORGANIZATIONS

Section II – Who Is An Insured, paragraph 3.a. is replaced by the following:

3.a. Coverage under this provision is afforded until the end of the policy period.

This provision does not apply if newly formed or acquired organizations coverage is excluded either by the provisions of the Coverage Form or by endorsements.

M. DAMAGE TO PREMISES RENTED TO YOU

Section III – Limits of Insurance, paragraph 6. is replaced by the following:

Subject to 5.a. above, the Damage To Premises Rented To You Limit, or \$500,000, whichever is higher, is the most we will pay under Coverage A for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, smoke or leakage from automatic protection systems, while rented to you or temporarily occupied by you with permission of the owner.

N. MEDICAL PAYMENTS – INCREASED LIMITS

Section III – Limits of Insurance, paragraph 7. is replaced by the following:

- 7. Subject to paragraph 5. above, the Medical Expense Limit is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by any one person, and will be the higher of:

(a) \$10,000; or

- (b) The amount shown on the Declarations of this Coverage Part for Medical Expense Limit.

O. DUTIES IN THE EVENT OF OCCURRENCE, OFFENSE, CLAIM OR SUIT

Section IV – Commercial General Liability Conditions paragraph 2. is amended to add the following:

- e. The requirement in Condition 2.a. that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim, applies only when the "occurrence" or offense is known to:
- (1) You, if you are an individual or a limited liability company;
 - (2) A partner, if you are a partnership;
 - (3) A member or manager, if you are a limited liability company;
 - (4) An "executive officer" or insurance manager, if you are a corporation; or
 - (5) A trustee, if you are a trust.
- f. The requirement in Condition 2.b. that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:
- (1) You, if you are an individual or a limited liability company;
 - (2) A partner, if you are a partnership;
 - (3) A member or manager, if you are a limited liability company;
 - (4) An "executive officer" or insurance manager, if you are a corporation; or
 - (5) A trustee, if you are a trust.

P. PRIMARY AND NONCONTRIBUTORY – ADDITIONAL INSURED EXTENSION

Section IV – Commercial General Liability Conditions paragraph 4. **Other Insurance** is amended to add the following:

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

- (1) The additional insured is a Named Insured under such other insurance; and
- (2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured. However, if the additional insured has been added as an additional insured on other policies, whether primary, excess, contingent or on any other basis, this insurance is excess over any other insurance regardless of the written agreement between you and an additional insured.

Q. UNINTENTIONAL FAILURE TO DISCLOSE EXPOSURES

Section IV – Commercial General Liability Conditions paragraph 6. **Representations** is amended to add the following:

If you unintentionally fail to disclose any exposures existing at the inception date of your policy, we will not deny coverage under the Coverage Form solely because of such failure to disclose. However, this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

This provision does not apply to any known injury or damage which is excluded under any other provision of this policy.

R. WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

Section IV – Commercial General Liability Condition paragraph 8. **Transfer Of Rights Of Recovery Against Others To Us** is amended to add the following:

We waive any right of recovery we may have against any person or organization against whom you have agreed to waive such right of recovery in a written contract or agreement because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products completed operations hazard".

S. MENTAL ANGUISH

Section V – Definition 3. is replaced by the following:

"Bodily injury" means bodily injury, sickness or disease sustained by a person, including mental anguish or death resulting from bodily injury, sickness or disease.

T. LIBERALIZATION

If we revise this endorsement to provide greater coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

City Council Staff Report

Department: CITY MANAGER'S OFFICE

May 26, 2020

To: Mayor and City Council
From: Linda Barkley, City Clerk
Subject: 2020 Dinuba Fireworks Booth Sales (LB)

RECOMMENDATION

Council to receive informational update on the fireworks booth sales for July 4th holiday.

EXECUTIVE SUMMARY

Staff is planning to proceed with allowing booths for the sale of fireworks the week of June 28 through July 4, 2020. The fireworks company, TNT, has provided strict guidelines for those to follow during the sale of fireworks in the community.

OUTSTANDING ISSUES

None.

DISCUSSION

The City of Dinuba holds a fireworks lottery each year in order to select participants for fireworks booth sales for the following two (2) years. A total of 7 groups were selected through the lottery for 2020 along with Pro-Youth Dinuba. Fireworks sales are from June 28 through July 4, 2020.

All participants have secured the necessary temporary seller's permit and the permit from the State Fire Marshal. The state has not implemented any restrictions on the issuance of firework sales permits despite the Governor's stay-at-home order. All groups must also secure a temporary business license from the City of Dinuba and provide a certificate of liability indemnifying the city in the amount of \$1.0 million.

Staff has carefully evaluated the sale of fireworks in Dinuba and has determined to issue temporary permits so long as strict protocols are in place. TNT provided the city with an extensive list of safety protocols to help ensure proper social distancing at firework stands. A copy of the protocols is enclosed herein as Attachment 'A'.

In addition, the City Fire Department inspects the booths prior to opening to ensure that all safety precautions have been met. Fire personnel will periodically inspect fireworks stands during the week of June 28 through July 4.

Several other cities intend to allow fireworks booth sales with several permits already issued by the State Fire Marshal. These include, but are not limited, to:

- Bakersfield
- Clovis
- Delano
- Fresno City
- Fresno County
- Porterville
- Reedley
- Sanger
- Visalia

Staff intends to issue temporary permits allowing groups to set up stands for fireworks sales as part the July 4, 2020 Independence Day holiday. Staff is presenting this item for any input from the City Council before permits are issued by the city.

FISCAL IMPACT

Please see below for TNT proposed safety protocol

TNT FIREWORKS STAND PHYSICAL DISTANCING PROTOCOL

SIGNAGE

- Inside, out in front and on the outside of the stand informing the stand volunteers and customers that they should: avoid shopping at the stand if they have a cough or fever; maintain a minimum six-foot distance from one another; do not shake hands or engage in any unnecessary contact; and where required or requested wear a face covering while shopping at the stand.
- Post TNT's Physical Distancing Protocol at a reasonable, safe distance in all directions, wherever possible.

MEASURES TO PROTECT VOLUNTEERS IN STANDS

- All volunteers must be told they should not work in the stand if they are sick, have a cough or a fever.
- The volunteer in charge, at any given time, will be responsible for checking that volunteers are symptom free before starting their shift in the stand.
- All volunteers in the stand will attempt to maintain a six-foot separation.
- Disinfectants must be available for all volunteers at the beginning, during and at the conclusion of their shift.
- Hand sanitizer effective against COVID-19 is available to all volunteers and customers.

MEASURES TO PREVENT CROWD GATHERING

- Post volunteers outside the stand to make sure customers maintain their six-foot separations, use the Express Order station outside the stand rather than perusing product in the stand, and are complying with all local health restrictions, like face coverings, etc.
- Set up an Express Order line, where possible, that allows expedited transactions by people who have already decided what they want to buy.

MEASURES TO KEEP PEOPLE AT LEAST SIX FEET APART

- Placing signs outside the stand reminding people to be at least six feet apart, including when in line.
- Placing tape or other temporary markings or indicators at least six feet apart in each customer line area outside the stand with signs directing customers to use these to maintain distance.
- All volunteers have been instructed to maintain at least a six-foot distance from customers and each other, except volunteers may momentarily come closer when necessary to accept payment, order their fireworks, or as otherwise necessary.

MEASURES TO PREVENT UNNECESSARY CONTACT

- Provide and encourage customers to use contactless payment methods, or, if not feasible, have the volunteers sanitize the payment system regularly.
- Provide a special purchase line for seniors, first responders and health care workers, where possible.
- Instruct volunteers to wear disposable plastic gloves while in the stand and to change them frequently.

- Encourage volunteers to wear face coverings that cover the nose and mouth when in the stand. Where required by local mandate, require all volunteers to wear face covering when in the stand. Provide such face coverings to volunteers if needed.
- Set up and man an Express Order area outside the stand and at a distance from customers making their purchases at the stand, that, using a phone app and preprinted order forms, will assist a customer to complete a list of items he/she desires to purchase so when they are at the stand their interaction with the stand volunteers is minimized.

MEASURES TO INCREASE SANITIZATION

- Disinfecting wipes that are effective against COVID-19 are available in the stand.
- Hand sanitizer is available to the volunteers and the customers at the stand, at the Express Order area, and anywhere else inside the stand or immediately outside where people have direct interaction.
- Disinfecting all payment portals, pens, and styluses after each use.
- Disinfecting all high-contact surfaces frequently.
- Instruct volunteers to wear disposable plastic gloves while in the stand and to change them frequently.

City Council Staff Report

Department: PARKS AND COMMUNITY SERVICES

May 26, 2020

To: Mayor and City Council
From: Stephanie Hurtado, Parks and Community Services Director
Subject: 2020 Dinuba Independence Day Celebration (SH)

RECOMMENDATION

Council authorize the cancellation of the 2020 Independence Day Celebration on July 3, 2020.

EXECUTIVE SUMMARY

The Community Services Department proposes to cancel the 2020 Independence Day Celebration as a result of COVID-19 pandemic. California Governor, Gavin Newsom, released an outlined phased reopening plan. Large community event are considered stage 4 in reopening the economy. California is currently in stage 2.

OUTSTANDING ISSUES

None.

DISCUSSION

The Parks and Community Services Department is recommending that council cancel the Independence Day aerial fireworks show for the community. Earlier this month, Governor Newsom, outlined a framework for reopening the economy. There are 4 stages in reopening.

Stage 1: Stay home and work on flattening the curve.
Stage 2: Lifting restrictions on lower risk workplaces and child care centers.
Stage 3: Reopening personal care businesses.
Stage 4: Reopening live events with large crowds.

The dates of these stages reopening depend on six thing that need to happen: expand testing to identify and isolate patients, maintain vigilance to protect seniors and high risk people, be able to meet future surges in hospitals with a "myriad of protective gear," continue to collaborate with academia on therapies and treatments, redraw regulations to ensure continued physical distancing at private businesses and schools and develop new enforcement mechanisms to allow the state to pull back and reinstate stay-at-home orders.

At this time staff is looking for guidance from council and recommend cancelling the 2020 Independence Day Aerial Fireworks show for the safety of our community.

Subject: Annual Audit Report Fiscal Year 2018-2019 (MM)

RECOMMENDATION

Council to accept the Independent Auditor's Report for the Fiscal Year 2018-19.

EXECUTIVE SUMMARY

Lance, Soll & Lunghard, LLP Certified Public Accountants are the City's Independent Auditor will be presenting the independent audit report for the Fiscal Year 2018-2019 based on the Comprehensive Annual Financial Report (CAFR) ('Attachment A').

OUTSTANDING ISSUES

None.

DISCUSSION

As reflected in the letter of transmittal for the Independent Auditor's Report which is included in the Comprehensive Annual Financial Report (CAFR), attached herein as "Attachment A". The auditor's opinion for the FY 2018-19 is "unmodified", which is the highest opinion that auditors can give to financial statements. A representative from Lance, Soll & Lunghard, LLP will provide a verbal summary of the audit findings.

May 12, 2020

To the Honorable Mayor, City Council and Citizens of the City of Dinuba:

The Comprehensive Annual Financial Report (CAFR) of the City of Dinuba, for the fiscal year ended June 30, 2019, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that the City of Dinuba issue annually a report on its financial position and activity, and that this report be audited by an independent firm of certified public accountants. The accounting firm of Lance, Soll & Lunghard, LLP of Sacramento, California, was retained by the City to perform the audit of financial records for the fiscal year ended June 30, 2019. The audit was designed to meet the requirements of the federal Single Audit Act of 1984, as amended and related OMB Circular Uniform Guidance. The auditors report on the fair presentation of the financial statements, the internal controls, and compliance with legal requirements and have issued an unmodified opinion on Dinuba's financial statements.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City. All disclosures necessary to enable the reader to gain an understanding of the City's activities have been included.

Management's discussion and analysis (MD&A) follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Government Profile

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the City of Dinuba as legally defined), as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable.

Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government; the Dinuba Financing Authority qualifies as a blended component unit in this regard. City Council members serve as the governing board of the Authority, and the City Manager also serves as the Executive Director of the Authority.

The City of Dinuba is situated in the northern part of Tulare County, near the Fresno County line. Roughly 180 miles north of Los Angeles and 200 miles south of San Francisco, the City lies in the heart of California's agriculturally rich San Joaquin Valley, near the Sierra Nevada Mountain Range. It is the service center for a large farming area that extends into both Tulare and Fresno Counties.

Dinuba was established in 1888 with the coming of the railroad and was incorporated in 1906. Because of Dinuba's rich agricultural area, it grew quickly into a thriving community as people from outlying areas moved closer to the railroad shipping area. Since its founding, Dinuba has had consistent growth, increasing from 970 persons in 1910 to a 2019 population of 25,328. Among the eight incorporated cities of Tulare County, Dinuba ranks fourth in population.

The City, until 1994, operated under the General Laws of the State of California. A City Charter was adopted by the voters on June 4, 1994, and by the Secretary of State on July 7, 1994. The Charter gives the City government greater latitude in carrying out its operations and enables the City to operate more efficiently.

Springtime in Dinuba is filled with the fragrance of blossoms from the surrounding orchards. Dinuba's warm summer days bring forth the abundance of produce that keeps the packing houses and shippers busy during the summer months. Mild temperatures year-round enhance the dairy industry in the surrounding area as well.

The Dinuba area is one of the San Joaquin Valley's most productive agricultural spots. The variety of crops includes cotton, nuts, vegetables, and fruits, such as grapes, raisins, plums, peaches, nectarines, and citrus. Raisins are a major product in the Dinuba area, where 40 percent of the world's raisins are grown and dried, a total of approximately 300,000 tons annually. Table grapes and wine are also major products. The City of Dinuba is in Tulare County; a table in the Statistical Section lists the major crops raised in Tulare County and the gross value of the crops in the previous calendar year.

Although agriculture is Dinuba's predominant activity, the community has had a modest commercial and industrial base for many years. Dinuba is home to the headquarters of Ruiz Food Products, Incorporated, which prepares frozen Mexican foods and distributes them worldwide. It is also home to the West Coast Distribution Facility for Best Buy, Inc. and Patterson Logistics, Inc. This concentration of employers attracts more residents which in turn draws additional commercial businesses. This has been evidenced through continued strength of the building sector in Dinuba. Because of its unparalleled agricultural base and its expanding industrial site, Dinuba is a community with a progressive and diverse economy.

The City has a Council-Manager form of government. There are five Council members who serve overlapping terms of four years and the Council in turn elects one of the Council members to serve as the Mayor for a term of two years. The Council engages a City Manager and a City Attorney. The Manager is the chief executive officer of the City, and it is the City Manager's responsibility to hire department managers for each of the City functions. Such person also proposes the annual budgets, coordinates and oversees all activities of the organization, and implements the policies, budgets, and laws adopted by the City Council. The Dinuba Redevelopment Agency was created on June 12, 1984, by an Ordinance of the City Council, pursuant to the California Community Redevelopment Law. With the dissolution of redevelopment agencies by the state, the City Council has assumed the role of the board to the Successor Agency of the City of Dinuba.

Local Economy

The economic climate in Dinuba is stabilizing. Over the past 5 years sales tax from the top 10 non-Internet businesses grew from approximately \$1,585,000 to approximately \$1,725,000. During the past year non-Internet sales tax from the same sources grew by \$96,000.

In the 2018/2019 Fiscal Year the City of Dinuba’s Public Works Department issued a total of 734 building permits. A total of 587 of those permits were residential and 147 were for commercial projects. The total valuation for all permits issued was \$26,747,813. There are currently five residential developments that are building in Dinuba. These include developments that are below market, market, and above market. There are several other residential developments (single family and multi-family) that are working their way through the development process.

While the economic climate has improved, the city is still adjusting from the significant reduction in the Public Safety sales tax revenue from 2016-17. The City was notified by the State Board of Equalization that the public safety tax revenue (Measure F) was overstated. The correction was made beginning with the 4th Quarter of 2016. As a result, the City lost approximately \$1.5 million in annual public safety tax revenue in Measure F fund. In addition, the BOE “clawed” back 3rd and 4th Quarter 2016 public safety tax revenue in the amount of \$593,242.

The Board of Equalization agreed to allow the City to repay this amount over 8 quarters and completed the last repayment on the last quarter of 2018. Furthermore, in order to transition the loss of public safety tax revenue, staff has come up with an agreement with Best Buy for deferral of its share of the sales tax growth under the Operating Agreement over three years. This has given the City some time to absorb the loss of public safety tax revenue with an increase in the Bradley-Burns 1% sales tax revenue. The City will repay the deferred amount over a five-year period beginning January 1, 2020.

The City was notified of this reduction in fiscal year 2016-17 which prompted quick action by staff to reduce the effects of the loss by adjusting staffing levels in the Public Safety Fund (Measure F), by moving personnel in to the General Fund and the Ambulance Fund. The adjustments to staffing have continued through the 2018-19 fiscal year.

Property values saw a slight uptick in fiscal year 2018-19. The continued growth in new residential and commercial permits is anticipated to continue to reflect in the assessed values going forward and will be apparent in the property tax rolls in future years.

Current Major Initiatives.

During fiscal year 2019 the City's Public Works Department completed several capital improvements projects. They include:

- **Roosevelt Paseo Project.** With the completion of this Project children now have a safe and reliable path to get to school or to access recreational facilities at Roosevelt Elementary. The scope of this Project included constructing a 10 foot wide, approximately 1,300 feet long concrete meandering trail in place of a dirt patch. This new trail includes solar lighting, benches, drought tolerant landscaping, fencing and a new drainage system.
- **Alta/El Monte Signal Synchronization Project.** This Project installed a wireless signal synchronization system along El Monte Way and Alta Avenue to improve air quality and assist with traffic flow.
- **Alley Improvements (Verizon).** Performed major reconstruction improvements on alley adjacent to Verizon store. This improved access for people using alley to get to new commercial development and for disposal contractor to access disposal containers.
- **Implemented New Solar Street Lights Program.** Allocated funding for a new Program to install solar streetlights at various locations throughout the City. This Program will allow the City to respond to more requests for additional lighting on residential streets.
- **City-Wide Traffic Signage Replacement - Phase I.** Performed a city-wide assessment of all "stop", "yield" and "all -way" signage and replaced as needed; 188 stop signs, 25 yield signs and 157 all-way signs. This Project complied with a State mandate and also made streets and roads in Dinuba much safer.
- **Kamm & Greene Safety Improvements Project.** Completed the design and the bulk of the construction for the Kamm & Green bulb-out Project. This Project was funded with HSIP and local funds. This Project significantly enhances pedestrian facilities for a dangerous intersection where several accidents and at least one fatality had been reported.

- **Entertainment Plaza Improvements.** Completion of this Project has protected an important City resource. The scope of the Project included the installation of new lighting, removal and replacement of the damaged concrete caps located around the planter bed islands, resurfacing of the damaged fountain and miscellaneous electrical upgrades.
- **FY 2018/19 SBI - Dig-Out Project.** This Project removed and replaced asphalt at various street sections on Kamm Avenue, Monte Vista Drive, Englehart Avenue, Olive Way, Euclid Avenue, Pamela Lane, etc. throughout the City. The Project also improved concrete crosswalks located on M and L Street between Kern and Ventura Street.
- **Dinuba Green Median Improvements Project.** The completion of the Dinuba Green Median Improvement Project removed existing stamped concrete medians and replaced them with medians containing hardscape and native, drought-tolerant plants and trees. This Project was funded with an Environmental Enhancement and Mitigation Grant and will improve air quality by aiding in carbon dioxide reduction.
- **Received a CDBG Award for Kern Street Storm Drain.** The City was awarded \$3M from the Community Development Block Grant (CDBG) Program to improve the storm drain system in the Dinuba downtown area. The scope of work includes installation of approximately 5,518 LF of pipelines and appurtenances to be installed with diameters of pipes ranging from 18 to 60 inches.
- **South College Railroad Improvements.** Project to reconstruct existing asphalt concrete at South College Avenue railroad crossing, replace and construct curb, gutter, sidewalks and concrete drive approaches along the intersection of South College Avenue and South Uruapan Way. This Project is funded with a grant from the Rail and Mass Transportation Section 130 and has an estimated completion date of September 2020.
- **Alta/Nebraska Roundabout.** This project, which began in 2018, will improve traffic control, air quality and pedestrian safety. The design and right of way acquisition for this project is funded with Measure R money and construction, which is anticipated in 2020, will be funded with a CMAQ grant.

Financial Information

It is recognized that City management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. This should provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation costs and benefits require estimates and judgments by management.

As a recipient of federal, state, and local financial assistance, the City also is responsible for ensuring that an adequate internal control structure is in place to ensure and document compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management.

The City maintains budgetary controls with the objective of ensuring compliance with legal provision embodied in the annual appropriated budget approved by the City Council. Activities of most funds are included in the annual appropriated budget and both revenues and expenses are categorized into either recurring or one-time. Project-length financial plans are adopted for long-term capital projects in a five-year Capital Improvement Plan. As a component of capital projects future operating costs are analyzed and projected and then incorporated into future budget forecasts.

Budgets are prepared for the individual departments within specific funds as management control devices, but the level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) remains at the fund level. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year end. However, encumbrances outstanding at the year end are generally reappropriated as part of the following year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the City of Dinuba continues to meet its responsibility for sound financial management. For further analysis of the City's financial position, please refer to the Management Discussion and Analysis report in the Financial Section.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Dinuba for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018. This was the twenty-sixth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation, cooperation, and assistance of the Finance Department and the auditing firm of Lance, Soll & Lunghard, LLP is greatly appreciated in the publication of this document. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire finance staff. We also thank the Dinuba City Council for their dedicated service in guiding and directing the management of the City of Dinuba.

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
City of Dinuba, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Dinuba, California, (the City) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Mayor and Members of the City Council
City of Dinuba, California

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dinuba, California, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules for the general fund and the HUD grants fund, the schedule of proportionate share of the net pension liability, the schedule of plan contributions and the schedule of changes in the total OPEB liability and related ratios be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Mayor and Members of the City Council
City of Dinuba, California

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 12, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Comprehensive Annual Financial Report is composed of the following:

1. Introductory section, including the Transmittal Letter
2. Management's Discussion and Analysis
3. Basic Financial Statements, which include the Government-wide and the Fund financial statements
4. Notes to the financial statements
5. Combining statements for Non-Major Governmental, Internal Service and Fiduciary Funds
6. Statistical information

Basic Financial Statements

The Basic Financial Statements consist of the City-wide Financial Statements and the Fund Financial Statements. These two sets of financial statements provide a short-term view as well as a long-term view.

The City-wide Financial Statements are designed to provide a broad overview of all of the City's finances taken as a whole, using a long-term view, in a manner similar to private-sector businesses. The City-wide Financial Statements consist of the Statement of Net Position and the Statement of Activities.

The **Statement of Net Position** provides information about the financial position of the City as a whole, including all of its capital assets, liabilities and long-term liabilities with the difference between the two reported as net position. The full accrual basis of accounting is used, thus the flow of all economic resources are measured.

The **Statement of Activities** presents financial information reporting how the City's net position changed during the fiscal year by listing the revenues and expenses of each of the City's major activities. The full accrual basis of accounting is also used, thereby all changes to net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus revenues and expenses are reported in this statement for some items that will result in cash flows in a future fiscal period.

The fund financial statements report the City's operations in more detail than the City-wide statement and focus primarily on the short-term activities of the City's General Fund and other Major Funds. The Fund Financial Statements measure only current revenues and expenditures, current, assets, liabilities and fund balances; they exclude capital assets, long-term debt and other long-term amounts.

City-wide Financial Statements

All of the City's activities are grouped into either Governmental Activities or into Business-type Activities. Governmental Activities are those functions that are principally supported by taxes or by specific governmental program revenues such as developer fees. Business Activities are those services supported by charges paid by direct users of the service such as Disposal collection.

City-wide financial statements are prepared on the accrual basis, which means they measure the flow of all economic resources of the City as a whole.

Fund Financial Statements

The fund financial statements are designed to report information about related accounts that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the City's funds are divided into three categories: governmental funds, proprietary funds and fiduciary funds.

The Fund Financial Statements provide detailed information about each of the City's most significant funds called Major Funds. Major Funds account for the major financial activities of the City and are presented individually, while the activities of the Non-major funds are presented in summary as Other Governmental Funds. Subordinate schedules of the Non-major funds present detailed financial information of the City's smaller funds.

Governmental Funds

Most of the City's basic services are reported in governmental funds. These funds focus on reporting the flow of money into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become measurable and available). "Measurable" means that the amount of the transaction can be determined and "available" means that it is collectible within the current period or soon enough thereafter to be used.

The governmental fund financial statements provide a detailed short-term view of the City's general government operations and the basic services provided. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences between the Governmental Fund Financial Statements and the Government-Wide Financial Statements are explained in a reconciliation following the Governmental Funds' Financial Statements.

Proprietary Funds

When the City charges customers for services - whether to outside customers or to programs of the City - these services are generally reported in proprietary funds. Proprietary funds are reported in the same way in that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Fund Net Position. The City's enterprise funds are the same as the business-type activities reported in the Government-Wide Financial Statements, but provide more detail and additional information, such as cash flows for each enterprise fund. The City also uses internal service funds to report activities that provide supplies and services for the City's internal program and activities, such as the City's self-insurance.

Fiduciary Funds

The City is the trustee, or fiduciary, for certain funds established to account for assets held by the City in a trustee capacity, or as an agent for individuals, private organizations, and other governmental units. The City's fiduciary activities are reported in separate Statements of Fiduciary Net Position. These activities are excluded from the City's Government-Wide Financial Statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their specified purposes.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statement can be found following the fund financial statements in this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The net position and changes in net position of the City's Governmental Activities (Tables 1 and 2) and Business-Type Activities (Tables 3 and 4) are presented in the City-wide Statement of Net Position and Statement of Activities.

Net Position

As shown in Table 1, the City's governmental Total Net Position is \$173 million. During fiscal year 2019, the overall net position decreased by \$16 million, or 9%. During fiscal year 2015, the City implemented GASB 68 & 71, which required the recording of net pension liability and pension related deferred inflows and outflows.

The largest portion of the City's net position, approximately \$157 million, reflects its investment in capital assets (e.g., land, buildings, improvements other than buildings, equipment, infrastructure, and construction in progress); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves rarely are used to liquidate these liabilities.

Resources that are subject to restriction that may only be used to construct specified capital projects, debt service or other special revenue programs represent 24.2 % of the City's Governmental Net Position. These are external restrictions and cannot be changed by the City.

Unrestricted net position can be used to finance day-to-day operation without constraints. Due to the restrictions mentioned and the implementation GASB 68 & 71, the unrestricted net position was (\$26.3) million at year end.

Changes in Net Position

The Statement of Activities provides information regarding the entirety of the City's governmental revenues and expenses. The Statement describes in detail the changes in net position from the previous year.

The City's Governmental Net Position decreased by \$8.3 million in fiscal year 2019. Revenues decreased \$12.3 million and expenses decreased by \$4.6 million. The decrease in revenues is primarily due to decreases in capital contributions and grants for projects, while the reduction in expenses are in General Government, Public Safety, Public Works and Community Development.

With the decrease in total revenue being attributed to decreases in capital contributions and grants from the previous year, tax revenues increased by \$1.1 million. Property tax revenue had an increase of \$0.1 million with the largest increase in overall revenue being from Sales Taxes.

Business Type Activities

The statement of Business-Type Net Position (Table 3) and statement of Business-Type Activities (Table 4) are presented below.

Net Position

The business-type activities of the City showed a minor increase \$5.1 million in total assets. Of the total net position, 90.9% was net investment in capital assets and 9.1% percent was unrestricted, which was available for future operations.

Changes in Net Position

As shown in Table 4, net revenues for business-type activities were \$20.8 million in fiscal year 2019, a decrease of \$3 million over the prior year. The decrease was primarily attributable to having received slightly less in grants in the Ambulance Fund.

Expenses for business-type activities decreased by \$2.6 million compared to the previous fiscal year. The primary decrease expenses are attributed to the Sewer, Golf and Disposal funds.

FINANCIAL ANALYSIS OF CITY'S MAJOR FUNDS

Table 5 summarizes the Governmental balances at the fund level.

Total Expenditures	24,098	27,292	(3,194)
Total Other Financing Sources (Uses)	598	1,263	(665)

General Fund

The General Fund accounts for all financial resources traditionally associated with government activities that are not accounted for reported in another fund.

Fund balance in the General Fund increased by 41.8% to end the fiscal year at a balance of \$7.6 million. The increase was due to additional revenue but partially offset by additional costs.

The final budget amount for General Fund expenditures totaled \$14.5 million excluding transfers out. In comparison, actual expenditures excluding transfers out totaled \$14.5 million. The variance in expenditures was \$0.04 million. Total revenues were budgeted at \$15.3 million; actual revenues in the General Fund were \$17.3 million. With the variance of \$2.0 million.

Other Major Funds

HUD Grants

The fund accounts for the Community Development Block Grants (CDBG) and Home Investment Partnership Program (HOME). The fund's assets include \$24.3 million in notes and loans receivable. The loans are offset by deferred inflows as the loans are not expected to be repaid within the next year. The notes and loans receivable are for housing acquisition assistance and housing rehabilitation.

Housing Authority

Net activity in housing remained virtually the same compared to the previous year as evidenced by the slight increase in fund balance from the previous year by \$0.005 million.

Transportation Construction

Revenue in the Transportation Construction fund came to just a little over \$1.1 million. The revenue is primarily composed of intergovernmental revenues originating with the Tulare County Association of Governments.

Other Governmental Funds

These funds (referred to as Non-major Funds) are not presented separately in the Basic Financial Statements, but are individually presented in Supplementary Information. Combined they received \$7.2 million in revenue and have a combined Fund Balance at year-end of \$12.9 million.

Business-Type Funds

The business-type funds account for operations that are financed and operated in a manner similar to private business enterprises, wherein the cost of goods and services to the general public are financed or recovered primarily through user charges.

Water

The net position in the water fund increased by \$3.8 million to \$16 million. The unrestricted portion of the net position totaled \$2.9 million. Increases in development, the increase in water rates and the reduction of expenses resulted in the increase.

Sewer

The sewer fund ended the year with a net position of \$13.3 million of which \$0.3 million was unrestricted. Operating revenues exceeded operating expenses by just a little over \$1 million. The fund's net position increased slightly by \$0.8 million.

Disposal

Operating revenues and expenses were virtually flat when compared to the previous fiscal year. The fund ended the year with a net position of \$0.8 million of which \$0.5 million was unrestricted.

Ambulance

In 2019, the City continued to participate in the Inter-governmental Transfer funding provided by the State and as a result the revenue remains at \$1.2 million in 2019. As of June 30, 2019, the fund had net position of \$3.4 million.

Golf Course

Operating revenues remained virtually the same with a slight increase of \$0.2 million from the prior fiscal year. Operating expenses decreased by \$0.9 million from the prior year. The net position of the Golf Course at the end of the fiscal year was \$21.1 million.

CAPITAL ASSETS

A summary of the City's capital assets is shown below in Table 6. More detail regarding the assets can be found in Note 7 of the financial statements.

Table 6

Infrastructure	34,457	33,698	759
Total	\$ 66,992	\$ 66,641	\$ 351

The net decrease of \$19 million for governmental activity assets is comprised of the construction in progress which is for Infrastructure additions that were accounted for in both Construction in Progress and Infrastructure in prior years. This year reflects that adjustment. Other changes include the reclassification by the type of asset in the Governmental Activities which is apparent by the changes in building and improvements.

The net increase of \$0.4 million for business-type activity assets is made up of a few additions, with the majority of the changes being attributed to prior period adjustments.

For Government-wide Financial Statements, capital asset purchases for governmental activities are capitalized and depreciated. In contrast, in the Fund Financial Statements capital asset purchases for governmental activities are recorded as expenditures. More information concerning the City's investment in capital assets is available in Note 7 in the Notes to Basic Financial Statements section later in this document.

DEBT ADMINISTRATION

Each debt is discussed in more detail in Note 8 to the financial statements.

The City's total long-term debt decreased by \$1.8 million compared to the prior fiscal year. The decrease was primarily due to not acquiring new debt and making payments throughout the fiscal year.

The following table provides a breakdown of the City's outstanding indebtedness as of June 30, 2019:

Table 7

BUDGETING

The City's annual budget is the legally adopted expenditure control document of the City. Budgetary comparison statements are required for the General Fund and all major special revenue funds and may be found immediately following the Government-wide financial statements in this Financial Section of the CAFR. These statements compare the original adopted budget, the budget as amended throughout the fiscal year, and the actual expenditures for each fund, prepared on a budgetary basis. Budgets are prepared on the modified accrual basis of accounting consistent with GAAP, except that encumbrances are included in budgeted expenditures.

Appropriations lapse at fiscal year-end. The City Council generally reauthorizes appropriations for continuing projects and activities. The City Council has the legal authority to amend the budget of any fund at any time during the fiscal year. The budgetary legal level of control (the level on which expenditures may not legally exceed appropriations) is generally at the fund level. For budgeting purposes, the General Fund is composed of several departments while all other budgeted funds (special revenue funds included) are considered a single department. Budgeted expenditures may be reallocated within a division and between divisions within a department without City Council approval.

ECONOMIC OUTLOOK

Based upon sales tax revenues, it appears that the local business climate has increased slightly. Excluding revenues from the Internet Sales Tax, sales tax from the top 10 sources increased by 5.9% from fiscal year 2018 to 2019. This slight increase could be attributed to increases in retail, auto sales and fuel stations.

The local economy has remained stable over the course of the year. In June of 2018, the unemployment rate for Tulare County was 8.3%; in June of 2019 the rate increased slightly to 8.5%.

There was a slight increase in the construction of new homes. There were 94 permits issued in 2018 for single family residential homes. In 2019, 87 permits were issued for single family residential homes.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2019**

Net change in fund balances - total governmental funds \$ 3,356,872

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlay	\$ 3,656,178	
Depreciation	(3,251,201)	
Contributed capital assets	3,357,607	
Proceeds on sale of capital assets	(36,863)	
Gain/(loss) on sale of capital assets	<u>(185,243)</u>	3,540,478

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Issuance of long-term debt is an other financing source in the governmental funds, but the issuance increased long-term liabilities on the statement of net position.

Principal repayments	1,204,235	
Amortization of bond premiums/discounts	(3,692)	
Amortization of deferred charges	(49,931)	
Capital leases issued	(197,363)	
Loan repayments	<u>4,316</u>	957,565

Accrued interest for long-term liabilities. This is the net change in accrued interest for the current period. 34,786

Compensated absences expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. 103,539

OPEB obligation expenses are expenditures in the governmental funds, but reduce the total OPEB liability in the statement of net position. (700,059)

Revenues reported as unavailable revenue in the governmental funds and recognized in the statement of activities. These are included in the intergovernmental revenues in the governmental fund activity. 213,627

Internal service funds are used by management to charge the costs of certain activities, such as equipment management and self-insurance, to individual funds. The net revenues (expenses) of the internal service funds is reported with governmental activities. (72,267)

Pension obligation expenses are expenditures in the governmental funds, but reduce to the net pension liability in the statement of net position. (1,045,169)

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note 1: Summary of Significant Accounting Policies

The financial statements of the City of Dinuba (City) have been prepared in conformity with accounting principles generally accepted in the United States of America (USGAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

a. Reporting Entity

The City of Dinuba is a political subdivision provided for by the General Law of the State of California and, as such, can exercise the powers specified by the Constitution and laws of the State of California. The City was incorporated in 1906 as a general law city. On June 4, 1994, the voters of the City approved a Charter which gives the City Council greater self-rule, and the Charter was accepted by the Secretary of State on July 7, 1994. The City operates under a council-manager form of government.

The City of Dinuba is a municipal corporation governed by an elected five-member City Council who, in turn, elects one of its members to serve as the Mayor. As required by accounting principles generally accepted in the United States of America, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the City. The blended component units have a June 30 fiscal year end to coincide with the City's.

Blended Component Unit. In addition, in May 1994, the Dinuba Financing Authority (Authority) was formed in order to provide a funding vehicle for necessary street improvements within the City. The governing board of the Dinuba Financing Authority is the City Council, and the City Manager acts as Executive Director. A separate financial report is not being issued for the Dinuba Financing Authority. The activity of the Authority is reported in the Financing Authority Debt Service Fund of the City.

b. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

c. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

In the Fund Financial Statements, fiduciary funds are presented using the accrual basis of accounting. The private-purpose trust funds use the economic resources measurement focus. The agency funds do not have a measurement focus.

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

HUD Grants Fund – This fund accounts for certain designated projects paid for the HUD Grant Federal program monies received from the State, along with repayments of loans.

Housing Authority Fund – This fund is used for account for activities of the former low and moderate income housing fund of the former Dinuba Redevelopment Agency.

Transportation Construction Fund – This fund accounts for other major street construction projects.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

The City reports the following major proprietary funds:

The Water Enterprise Fund – This fund accounts for the operation and maintenance of the City's water distribution system.

The Sewer Enterprise Fund – This fund accounts for the operation and maintenance of the City's wastewater collection system including operating costs of the wastewater treatment facility.

The Golf Course Fund – This fund accounts for the operation and maintenance of the City's golf course.

The Disposal Enterprise Fund – This fund accounts for the collection and disposal of solid waste from industrial, commercial, and residential users throughout the Dinuba area.

The Ambulance Enterprise Fund – This fund accounts for ambulance service fees and all costs associated with providing ambulance service throughout the City.

Additionally, the City reports the following fund types:

The Debt Service Funds are used to account for financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The Internal Service Funds account for financial transactions related to the City's billing and collections, maintenance and repairs, and self-insurance programs. These services are provided to other departments or agencies of the City on a cost reimbursement basis.

The Fiduciary Funds are used to report resources held by the City in a purely custodial capacity, which involves only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. These funds are not included in the government-wide financial statements. These assets include refundable and expendable cash deposits, and retentions withheld pending satisfactory project completion. Please see page 124 for description of activities for each Agency Fund. The Private-Purpose Trust Funds are used to account for the assets of the former City of Dinuba Redevelopment Agency during the wind down period.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's proprietary funds function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Enterprise Funds and of the Internal Service Fund are charges to customers for sales and services. Operating expenses for the Enterprises Funds and the Internal Service Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 1: Summary of Significant Accounting Policies (Continued)

d. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Net Position or Equity

Cash and Investments

In order to maximize the flexibility of its investment program and to aid in cash budgeting, the City pools the cash of all funds, except for monies deposited with fiscal agents in accordance with related bond indentures. The cash and investments balance in each fund represent that fund's equity share of the City's cash and investment pool. As the City places no restrictions on the deposit or withdrawal of a particular fund's equity in the pool, the pool operates like a demand deposit account for the participating funds.

Interest income earned on pooled cash and investments is allocated monthly to the various funds based on month-end balances and is adjusted at fiscal year-end. Interest income on restricted cash and investments with fiscal agents is credited directly to the related fund.

In accordance with the State of California Government Code, the City adopts an investment policy annually that, among other things, authorizes types and concentrations of investments and maximum investment terms.

The City's investments are carried at fair value. The fair value of equity and debt securities is determined based on sales prices or bid-and-asked quotations from SEC- registered securities exchanges or NASDAQ dealers. LAIF determines the fair value of its portfolio quarterly and reports a factor to the City; the City applies that factor to convert its share of LAIF from amortized cost to fair value. Changes in fair value are allocated to each participating fund.

For purposes of the statement of cash flows, the City has defined cash and cash equivalents to be change and petty cash funds, equity in the City's cash and investment pool, and restricted non-pooled investments with initial maturities of three months or less.

Property Taxes

Assessed values for purposes of property taxes are determined on an annual basis for the period July 1 to June 30 by the Tulare County Assessor as of January 1. Taxes are levied annually on July 1 and become a lien on real property at January 1. Taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively, at which time applicable penalties and interest are assessed. Unsecured taxes became delinquent if not paid by August 31.

Prepaid Items

Payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Certain proceeds of the City's long-term debt, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

In the absence of specific statutory provisions governing the issuance of bonds, certificates, or leases, these bond monies may be invested in accordance with the ordinance; resolutions and indentures specifying the types of investments its trustees or fiscal agents may make. These ordinances, resolutions, and indentures are generally more restrictive than the City's general investment policy. In no instance have additional types of investments been authorized that are not permitted by the City's general investment policy.

Capital Assets

Capital assets, which include property, plant, equipment, fine art, and infrastructure assets (e.g., roads, bridges, sidewalks, traffic lights and signals, street lights, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$2,500 or more and an estimated useful life in excess of one year. Such capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital asset, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The cost of normal maintenance and repairs that do not add to the value of the capital asset or materially extend capital asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest was capitalized during the fiscal year ended June 30, 2019.

Capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	30
Improvements other than buildings	30
Infrastructure	20 to 40
Utility systems	40 to 75
Vehicles	5 to 15
Computer equipment	7

The City's art collection is not depreciated. Periodic restoration and maintenance costs on particular items are charged to expense as incurred.

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave benefits. All vacation and sick leave benefits are accrued as earned by employees. A portion of unused sick leave benefits, varying by employee bargaining unit, vests and is payable upon retirement. For proprietary funds, a current liability is reported for that portion of the estimated value of vacation and sick leave benefits to be used during the subsequent fiscal year, and the estimated value of vested sick leave benefits of employees approaching or at their respective retirement ages.

JUNE 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Initial-issue bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method (which approximates the effective interest method). The difference between the reacquisition price of refunding bonds and the net carrying amount of refunded debt (deferred amount on refunding) is amortized over the shorter of the life of the refunding debt or remaining life of the refunded debt. Amortization of bond premiums or discounts, and deferred amounts on refunding is included in interest expense.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the period issued. The face amount of debt issued is reported as other financing sources. Premiums received are reported as other financing sources, while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Pension Liability

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Other Post-Employment Benefits (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require that the reported results must pertain to liability information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	July 1, 2017
Measurement Date	June 30, 2018
Measurement Period	June 30, 2017 to June 30, 2018

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City reports deferred charges on bond refunding's as well as deferred outflows relating

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

to the net pension liability and total OPEB liability reported in the government-wide statement of net position for governmental and business-type activities.

In addition to liabilities, the statement of net position and governmental balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three items that qualify for reporting in the category. The first item are deferred inflows relating to the net pension liability reported in the government-wide statement of net position for governmental and business-type activities. The second item relates to revenues earned, but not yet available for resources. The third item is deferred inflows relating to the total OPEB liability reported in the government-wide statement of net position for governmental and business-type activities.

Interfund Transactions

Interfund transactions are reflected as either loans, services provided, reimbursements, or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

Net Position and Fund Equity

GASB Statement No. 63 requires that the difference between assets added to the deferred outflows of resources and liabilities added to the deferred inflows of resources be reported as net position. Net position is classified as either net investment in capital assets, restricted, or unrestricted.

Net position that is net investment in capital assets consist of capital assets, net of accumulated depreciation, and reduced by the outstanding principal of related debt. Restricted net position is the portion of net position that has external constraints placed on it by creditors, grantors, contributors, laws, or regulations of other governments, or through constitutional provisions or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of net investment in capital assets or restricted net position.

In the fund financial statements, governmental funds report fund balance as non-spendable, restricted, committed, assigned or unassigned based primarily on the extent to which the City is bound to honor constraints on how specific amounts can be spent.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

- *Non-spendable fund balance* – amounts that cannot be spent because they are either
(a) not spendable in form or (b) legally or contractually required to be maintained intact.
- *Restricted fund balance* – amounts with constraints placed on their use that are either
(a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed fund balance* – amounts that can only be used for specific purposes determined by formal action of the City Council which includes the City Charter, ordinances and resolutions and that remain binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- *Assigned fund balance* – amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. Such intent should be expressed by the City Council or its designated officials to assign amounts to be used. Constraints imposed on the use of assigned amounts can be removed with no formal Council actions.
- *Unassigned fund balance* – the residual classification for the City's General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The City Council establishes, modifies, or rescinds fund balance commitments and assignments by passage of a resolution or other formal action. This is done through adoption of the budget, subsequent budget amendments, resolution, or other formal actions when necessary that occur throughout the year.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, followed by unrestricted committed, assigned and unassigned resources as they are needed.

e. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Note 2: Stewardship, Compliance, and Accountability

a. General Budget Policies

1. The annual budget adopted by the City Council provides for the general operation of the City. It includes proposed expenditures and the means of financing them.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019

Note 2: Stewardship, Compliance, and Accountability (Continued)

2. The City Council approves total budgeted appropriations and any amendments to appropriations throughout the fiscal year. All amendments made during the fiscal year are included in the budgetary amounts reported herein. The “appropriated budget” covers all City expenditures, with the exception of debt service on bond issues and capital improvement projects carried forward from prior fiscal years, which expenditures constitute legally authorized “non-appropriated budget”. Actual expenditures may not exceed budgeted appropriations at the fund level, which is the legal level of control.

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.

3. Formal budgetary integration is employed as a management control device during the fiscal year. Commitments for materials and services, such as purchase orders and contracts, are recorded as encumbrances to assist in controlling expenditures. Appropriations which are encumbered lapse at fiscal year-end, and then are added to the following fiscal year’s budgeted appropriations.
4. Budgets for the General, Special Revenue, and Debt Service Funds are adopted on a basis substantially consistent with accounting principles generally accepted in the United States of America (USGAAP). Accordingly, actual revenues and expenditures can be compared with related budgeted amounts without any significant reconciling items.

The Housing Authority Fund do not have legally adopted budgets for the fiscal year ended June 30, 2019.

Budget comparisons are not presented for the Proprietary Funds, as the City is not legally required to adopt a budget for these type funds.

5. Capital projects are budgeted through the Capital Projects Funds. Appropriations for capital projects authorized but not constructed or completed during the fiscal year are carried forward as continuing appropriations into the following fiscal year’s budget.
6. Under Article XIII-B of the California constitution (the Gann Spending Limitation Initiative), the City is restricted as to the amount of annual appropriations from the proceeds of taxes, and if proceeds of taxes exceed allowed appropriations, the excess must either be refunded to the State Controller or returned to the taxpayers through revised tax rates or revised fee schedules, or an excess in one year may be offset by a deficit in the following year. For the fiscal year ended June 30, 2019, based on calculations by City staff, proceeds of taxes did not exceed appropriations. Further, Section 5 of Article XIII-B allows the City to designate a portion of fund balance for general contingencies, to be used for any purpose.

b. Deficit Fund Balances and Net Position

The Vocational Center Fund has a deficit fund balance of \$240,978 which should be alleviated as additional revenues or transfers are received.

The Insurance, Billing and Collection, and Property and Equipment Internal Service Funds have deficit net positions of \$352,608, \$1,945,391, and \$669,247, respectively.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019
Note 2: Stewardship, Compliance, and Accountability (Continued)

These deficits should be alleviated as additional revenues are received by City departments.

Note 3: Cash and Investments

Cash and investments as of June 30, 2019, are classified in the accompanying financial statements as follows:

Statement of net position:	
Cash and investments	\$ 23,417,762
Restricted cash and investments with fiscal agents	1,714,444
Fiduciary funds:	
Cash and investments	2,762,396
Restricted cash and investments with fiscal agents	110,720
	<u>\$ 28,005,322</u>

Cash and investments as of June 30, 2019, consist of the following:

Cash on hand	\$ 7,945
Deposits with financial institutions	2,205,769
Investments	<u>25,791,608</u>
Total cash and investments	<u>\$ 28,005,322</u>

a. Investments Authorized by the California Government Code and the City's Investment Policy

The table below identifies the investment types that are authorized for the City of Dinuba (City) by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California government Code or the City's investment policy.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Investment Fund (State Pool)	N/A	None	\$50 million

Money Market Funds (must be comprised of eligible securities permitted under this policy)	N/A	None	None
Repurchase agreements	1 year	None	None

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019

Note 3: Cash and Investments (Continued)

The investment policy allows for the above investments which have equal safety and liquidity as all other allowed investments. Maturity depends on the cash needs of the City.

b. Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Investment Fund (State Pool)	N/A	None	\$50 million
U.S. Treasury Obligations	N/A	None	None
U.S. Government Agency Issues	N/A	None	None
Insured Passbook on Demand Deposits with Banks and Savings and Loans	N/A	None	100,000
Certificates of Deposit	5 years	None	100,000
Commercial Paper			
Mutual Funds (must be comprised of eligible securities permitted under this policy)			
Money Market Funds (must be comprised of eligible securities permitted under this policy)	N/A	None	None
Municipal Bonds (rated highest 2 categories)	N/A	None	None
Investment Agreements	N/A	None	None
Repurchase agreements	1 year	None	None

The investment policy allows for the above investments which have equal safety and liquidity as all other allowed investments. Maturity depends on the cash needs of the City.

c. Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

d. Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The City has no investments (including investments held by bond trustees) that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above).

e. Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of fiscal year end for each investment type.

Investment Type	Amount	Minimum Legal Rating	Exempt From Disclosure	Rating as of Fiscal Year End			
				AAA	AA	A	Not Rated
State Investment Pool	\$ 21,949,865	N/A	\$ -	\$ -	\$ -	\$ -	\$ 21,949,865
Money Market Funds	2,070,118	N/A	-	-	-	-	2,070,118

Total	<u>\$ 25,791,608</u>		<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,791,608</u>

The investment policy of the City contains limitations on the amount that can be invested in any one issuer. There are no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments.

f. Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial

credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g. broker- dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the government unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2019, all of the City's deposits with financial institutions in excess of federal depository insurance limits were held in collateralized accounts. As of June 30, 2019, City investments in the following investment types were held by the same broker-dealer (counterparty) that was used by the City to buy the securities:

Investment Type	Reported Amount
Certificates of deposit	\$ 1,073,509
Money market funds	2,768,234

g. Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

h. Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy establish by generally accepted accounting principles. These principles recognize a three tiered fair value hierarchy as follows: Level 1 – Investments reflect prices quoted in active markets; Level 2 – Investments reflect prices that are based on similar observable asset either directly or indirectly, which may include inputs in markets that are not considered active; and Level 3 – Investments reflect prices based upon unobservable sources. The City has marketable securities that are measured with recurring fair value measurements as of June 30, 2019 and are valued using quoted market prices (level 1 inputs).

Note 10: Pension Plan***Plan Description***

All qualified permanent and probationary employees are eligible to participate in the City of Dinuba Miscellaneous & Safety cost-sharing multiple-employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The rate plan provisions and benefits in effect at June 30, 2019, are summarized as follows:

Contribution Description

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2019, the employer contributions recognized as a reduction to the net pension liability for the Plan was \$2,289,428.

Pension Liabilities, Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

As of June 30, 2019, the City reported net pension liabilities for its proportionate shares of the net pension liability of the Plan of \$19,050,514.

	Net Pension Liability
Proportion - June 30, 2017	\$ 19,286,545
Proportion - June 30, 2018	19,050,514
Change - Increase(Decrease)	<u>\$ (236,031)</u>

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2018, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018, using standard

update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for the Plan as of June 30, 2017 and 2018, was as follows:

	<u>Net Pension Liability</u>
Proportion - June 30, 2017	0.39667%
Proportion - June 30, 2018	0.40409%
Change - Increase(Decrease)	<u>0.00742%</u>

For the year ended June 30, 2019, the City recognized a total pension expense of \$3,747,774. for the plan. At June 30, 2019, the City reported deferred outflows and deferred inflows of resources related to pensions as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Current year contributions that occurred after the measurement date of June 30, 2018	\$ 2,435,627	\$ -
Change of Assumption	1,868,568	348,592

Difference in proportionate share	642,503	166,021
Total	<u>\$ 6,045,484</u>	<u>\$ 677,875</u>

The \$2,435,627 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows or deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Note 10: Pension Plan (Continued)***Actuarial Methods and Assumptions Used to Determine Total Pension Liability***

For the measurement period ended June 30, 2018, the total pension liability was determined by rolling forward the June 30, 2017 total pension liability. The June 30, 2017 and the June 30, 2018 total pension liabilities were based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirements of GASB Statement No. 68
Actuarial Assumptions	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table (1)	Derived using CalPERS' Membership Data for all Funds
Post Retirement Benefit Increase	Contract COLA up to 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies

(1)The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Change of Assumptions

In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017

Discount Rate

The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund (PERF C) cash flows. Taking into account historical returns of all the Public Employees Retirement Funds' asset classes (which includes the agent plan and two cost-sharing plans or PERF A, B, and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2019
Note 10: Pension Plan (Continued)

the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF C fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the Board effective on July 1, 2014.

Asset Class	Current Target Allocation	Real Return Years 1 - 10 (1)	Real Return Years 11+ (2)
Global Equity	50.00%	4.80%	5.98%
Global Debt Securities	0.28	1.00	2.62
Inflation Assets	-	0.77	1.81
Private Equity	0.08	6.30	7.23
Real Estate	0.13	3.75	4.93
Liquidity	1.00	-	(0.92)

(1) An expected inflation of 2.0% used for this period.

(2) An expected inflation of 2.92% used for this period.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% point lower or 1% point higher than the current rate:

	Discount Rate - 1%	Current Discount	Discount Rate +1%
	6.15%	7.15%	8.15%
Plan Net Pension Liability	\$ 28,950,776	\$ 19,050,514	\$ 10,910,317

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports. See CalPERS website for additional information.

Note 11: Other Post-Employment Benefits (OPEB)**Description of the Plan**

The City sponsors and administers a single-employer health care plan (HC Plan) for its employees. The plan provides medical, dental and vision plan coverage. Medical coverage is provided through CalPERS under the Public Employees' Medical and Hospital Care Act (PEMHCA), also referred to as PERS Health. Children are eligible for coverage until age 26. As the City's OPEB benefits are administered by City personnel, no separate financial statements are issued.

The City participates in the CalPERS Health Program, a community-rated program for its medical coverage.

Employees Covered

As of the July 1, 2017 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

Active	128
Inactive employees or beneficiaries currently receiving benefits	21
Inactive employees entitled but not receiving benefits	1
	<u>150</u>

Contributions

The HC Plan and its contribution requirements are established by Memoranda of Understanding with the applicable employee bargaining units and may be amended by agreements between the City and the bargaining units. The City is funding the benefits as a "Pay-as-you-go", meaning the City only contributes the required benefits when due. Total contributions were \$591,507, which include the City's cash contributions of \$481,185 and implied subsidy of \$110,322.

Total OPEB Liability

The City's Total OPEB liability was measured as of June 30, 2018 and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation dated July 1, 2017, based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions	
Discount Rate	3.62% at June 30, 2018 Bond Buyer Index 3.56% at June 30, 2017 Bond Buyer Index
Inflation	2.75%
Salary Increases	3.25% per year
Mortality*	CalPERS 2014 Experience Study; Projected with MacLeod Scale 2017
Medical Trend	8.0% in 2018, step down 0.5% per year to 5.0% by 2025

* Demographic actuarial assumptions used in this valuation are based not the 2014 experience study of the CalPERS using data from 1997 to 2011, except for a different basis used to project future mortality improvements. The representative mortality rates were those published by CalPERS and adjusted to back out 20 years of Scale BB to central year 2008.

Changes of Assumptions

Discount rate changed from 3.56% as of June 30, 2017 to 3.62% as of June 30, 2018, based on the published change in return from the applicable municipal bond index.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

Note 11: Other Post-Employment Benefits (OPEB) (Continued)**Discount Rate**

The discount rate used to measure the total OPEB liability was 3.62 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. The City does not participate in a trust fiduciary fund.

Note 12: Deferred Compensation

The City has established a Deferred Compensation Plan and Trust as provided in Section 457 of the Internal Revenue Code of 1986, as amended. The City, acting as trustee of this plan, has agreed to perform its services as trustee in accordance with, and, as necessary, limited to comply with, applicable law. All amounts of compensation deferred pursuant to the plan, all property and rights purchased with such amounts, and all income attributable to such amounts, property or rights shall be held in trust for the exclusive benefit of participants and beneficiaries under the plan.

Note 13: Risk Management/Joint Venture

The City's risk management activities are recorded in the internal service fund. The purpose of the fund is to administer the employee life, health, property and liability, and workers' compensation insurance programs of the City.

The City participates with other public entities in a joint venture under a joint powers agreement which establishes the Central San Joaquin Valley Risk Management Authority (CSJVRMA). The relationship between the City and CSJVRMA is such that CSJVRMA is not a component unit of the City for financial reporting purposes.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

Note 13: Risk Management/Joint Venture (Continued)

The City is covered for the first \$1,000,000 of each general liability claim and \$500,000 of each worker's compensation claim through the CSJVRMA. The City has the right to receive dividends or the obligation to pay assessments based on a formula which among other expenses, charges the City's account for liability losses under \$50,000 and workers' compensation losses under \$50,000. The CSJVRMA purchases excess reinsurance from \$1,000,000 to \$29,000,000. The CSJVRMA participates in an excess pool which provides Workers' Compensation coverage from \$500,000 to \$1,500,000 and purchases excess reinsurance above \$5,000,000 to the statutory limit.

The CSJVRMA is a consortium of fifty-five (55) cities in San Joaquin Valley, California. It was established under the provisions of California Government Code Section 6500 et seq. The CSJVRMA is governed by a Board of Directors, which meets three times per year, consisting of one member appointed by each member city. The day-to-day business is handled by a management group employed by the CSJVRMA. The financial statements of CSJVRMA can be obtained at 1831 K Street, Sacramento, California 95814.

The financial position and results of operations for the CSJVRMA as of June 30, 2019 are presented below:

Total Assets	<u>\$ 128,442,162</u>
Total Liabilities	\$ 109,661,346
Total Net Position	<u>18,780,816</u>
Total Liabilities and Net Position	<u>\$ 128,442,162</u>
Revenues for Fiscal Year	\$ 53,005,963
Expenses for Fiscal Year	<u>52,250,549</u>
Change in Position	<u>\$ 755,414</u>

At the termination of the joint powers agreement and after all claims have been settled, any excess or deficit will be divided among the cities in accordance with its governing documents.

The City is self-insured for health insurance for its employees. Each department and division is charged an actuarially determined amount for health insurance expenses based on its employees. All claims are administered by an independent insurance processor; the City is responsible for reimbursing the company for all claims up to \$50,000 per covered individual, with any expenses greater than that being covered by the insurance provider.

The claims liability of \$50,000 for health insurance at June 30, 2019 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The claims liability was estimated from the average amount of claims paid per lag reports provided by the administrator. Settlements have not exceeded coverages for each of the past three fiscal years.

Liability - end of fiscal year	<u>\$ 50,000</u>	<u>\$ 50,000</u>

Note 14: Commitments

The City is committed to pay the local Chamber of Commerce 60% of the annual business license fees collected. For the fiscal year ended June 30, 2019 this amount is approximately \$90,212. The budgeted amount for fiscal year June 30, 2020 is \$90,212.

Note 15: Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

The City is subject to various lawsuits and claims involving public liability and other actions incidental to the ordinary course of City operations. In the aggregate, those claims seek monetary damages in significant amounts. To the extent the outcome of such litigation may be determined to result in financial loss to the City, in the opinion of City management, any potential liability for these actions is adequately provided for in the basic financial statements. The timing of potential payment of such losses cannot presently be determined.

Note 16: Prior Period Adjustments

Adjustments were made to net position in governmental activities in the amount of (\$22,461,453) as a result of capital activity that was being recorded as both construction in progress and infrastructure are the same being removed, as well as due to the items mentioned below.

Note 17: Successor Agency Trust for Assets of the Former Redevelopment Agency (SADRA)

On December 29, 2011, the California Supreme Court upheld AB X1 26 that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City that previously had reported a redevelopment agency within the reporting entity of the City as a blended component unit.

AB X1 26 provides that upon dissolution of a redevelopment agency, either the city or another unit of local government will agree to serve as the "successor agency" to hold the assets until they are distributed to other units of state and local government. The City Council elected to become the Successor Agency for the former redevelopment agency in accordance with AB X1 26.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

AB X1 26 directs the State Controller of the State of California to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by AB X1 26.

In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012. Prior to that date, the final seven months of the activity of the redevelopment agency continued to be reported in the Low-Moderate Income Housing, Tax Allocation and Redevelopment Agency governmental funds of the City. After the date of dissolution, the assets and activities of the dissolved redevelopment agency are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

Note 18: Subsequent Events

In November 2019, the City entered into a Wastewater Installment Agreement in the amount of \$2,500,000 at an interest rate of 2.66% for the purpose of redeeming the 2007 Bonds and discharging the Prior Wastewater Agreement.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in China, and has since spread to a number of other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, several states in the U.S., including California, have declared a state of emergency.

Potential impacts to our future tax revenues include disruptions or restrictions on our current employees' ability to work. Any of the foregoing could negatively impact our revenues and we currently cannot anticipate all of the ways in which this health epidemic, COVID-19 could adversely impact our government agency. Although we are continuing to monitor and assess the effects of the COVID-19 pandemic on our government agency, the ultimate impact of the COVID-19 outbreak or a similar health epidemic is highly uncertain and subject to change.

The City has evaluated all events through May 12, 2020, and noted no other items requiring disclosure in these financial statements.

Benefit Changes: There were no changes to benefit terms. However, the figures above do not include any liability impact that may have resulted from plan changes which occurred after June 30, 2016. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate in 2018. In 2017, the accounting discount rate reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amount reported were based on the 7.5 percent discount rate.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal Cost Method
Amortization method	Level percentage of payroll, closed
Asset valuation method	Direct rate smoothing
Inflation	2.75%
Payroll Growth	3.00%
Projected Salary Increases	Varies by Entry Age and Service
Investment Rate of Return	7.375% (net of pension plan investment and administrative expenses, includes inflation)
Retirement Age	All other actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report may be accessed on the CalPERS website at www.calpers.ca.gov under Forms and Publications.
Mortality	The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2019

Note 1: Budgets and Budgetary Data

The annual budget adopted by the City Council provides for the general operation of the City. It includes proposed expenditures and the means of financing them.

Budgets for the General and Special Revenue Funds are adopted on a basis substantially consistent with the accounting principles generally accepted in the United States of America (US GAAP). Accordingly, actual revenues and expenditures can be compared with the related budgeted amounts without any significant reconciling items.

Additional information concerning the General Budget policies is explained more thoroughly in the Notes to the Basic Financial Statements.

The Housing Authority Fund does not present a budget schedule as it does not have a legally adopted budget.

Note 2: Excess Expenditures over Appropriations

The following are major funds in which certain expenditures exceeded appropriations for the fiscal year ended June 30, 2019:

Fund/Function	Final Appropriation	Expenditures	Excess
Major Funds:			
General Fund			
Public Safety	\$ 8,429,433	\$ 8,680,628	\$ (251,195)
Community Development	851,753	1,216,287	(364,534)
Parks and Recreation	1,791,457	1,812,074	(20,617)
Debt Service	3,355	73,810	(70,455)
HUD Grants Fund			
Community Development	252,659	398,152	(145,493)
Capital Outlay	1,000,000	1,999,252	(999,252)

Other Supplemental Information

CITY OF DINUBA
NONMAJOR GOVERNMENTAL FUNDS
SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenue (other than those for major capital projects) that are restricted legally to expenditures for particular purposes.

PUBLIC SAFETY SALES TAX FUND - This fund accounts for 3/4% add-on sales tax approved by voters in November 2005 for enhanced public safety services.

GAS TAX FUND - This fund accounts for street projects paid for out of the City's share of the gas tax monies received from the state.

PARKS RESERVE FUND – Monies received from developers for the purpose of acquiring additional parklands are accounted for in this fund.

TRANSPORTATION FUND – This fund accounts for monies received under the Transportation Development Act for street and road projects, and for planning purposes.

SYSTEM DEVELOPMENT CHARGES FUND – This fund accounts for developer deposits for expanding existing water, sewer, and/or transportation systems, and to provide new systems necessary in new real estate developments.

COMMUNITY ENHANCEMENT GRANTS FUND – This fund accounts for various State and Federal grants awards to the City.

CURB AND GUTTER FUND – This fund is for the purpose of accounting for deposits made for future curb and gutter improvements in new areas.

ASSESSMENT DISTRICTS FUND – This fund accounts for the lighting and maintenance district costs of various medians and landscape areas in the City. Funding is provided by assessments charged to property owners within the district.

FIRE IMPACT FEES FUND – This fund accounts for fees collected from developers and saved for future capital outlays for fire equipment.

ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017 FUND – This fund accounts for fees collected from developers and saved for future capital outlays for fire equipment.

CITY OF DINUBA
NONMAJOR GOVERNMENTAL FUNDS
CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

GENERAL CONSTRUCTION FUND – This fund accounts for other major construction projects.

DRAINAGE DISTRICTS FUND – This fund accounts for all the capital projects which have been, or will be, established in the City's drainage districts.

VOCATIONAL CENTER FUND – This fund accounts for the expenditures associated with the operation of the Vocational Center.

MTBE FUND – This fund accounts for the revenue received as part of the MTBE Settlement Litigation. Revenue is received in this fund and allocated-out to the appropriate funds and capital projects that have expenditures associated with MTBE.

DEBT SERVICE FUNDS

Debt service funds are used to account for the accumulation of resources for, and the retirement of, long-term debt principal and interest.

FINANCING AUTHORITY DEBT SERVICE FUND – This fund accounts for the accumulation of resources for, and the retirement of, the Authority's long-term debt issue for capital investments.

GENERAL DEBT SERVICE FUND – This fund was set up to account for servicing general long-term debt incurred in Governmental Funds through equipment lease-purchases and/or loans, along with its commitment to fund the long-term portion of employee vacation, sick leave, and compensatory time benefits.

CITY OF DINUBA
INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided to departments or agencies of the government and to other government units, on a cost reimbursement basis.

INSURANCE FUND – This fund was set up to account for the cost of general liability, property damage, and employee related health insurance costs. The City is involved in a self-insurance program through a joint powers authority with other local municipalities. The source of funding for the City's program is a charge to all operating departments through a budgeting of the estimated costs to be allocated.

BILLING AND COLLECTION SERVICES FUND – This fund was set up to account for the costs and revenue for billing and collections of General, Utility, and Ambulance funds. The source of funding is a charge against the aforementioned funds.

PROPERTY AND EQUIPMENT SERVICE FUND – This fund was set up to account for the costs of maintenance and repairs for both buildings and equipment throughout the City. The source of this funding is a charge against the departments for services rendered.

¹ Estimated Actual Value of Taxable Property is not available since passage of Proposition 13 in 1978. Property assessed values may rise only to a maximum of 2% per year unless there is new construction or when the property is sold. Consequently, estimated values are not available.

² Pursuant to chapter 1207 of the statutes of 1978, "Assessed Value" means 100% of full taxable value.

³ The City's total direct tax rate varies by tax rate area. The rate shown is the combined rate for the entire city and may not match the rate shown on the "Direct and Overlapping Property Tax Rates" schedule.

NOTE: In 1978, California voters passed Proposition 13, which sets the property tax rate at a 1.000% fixed amount. This 1.000% is shared by all taxing agencies for which the subject property resides within. In addition to the fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of bonded debt service on the voter-approved School District and Community College bonds.

¹ The City's total direct tax rate varies by tax rate area. The rate provided comes from tax rate area 001-005 and is representative of other tax rate areas within the City.

City Council Staff Report

Department: CITY MANAGER'S OFFICE

May 26, 2020

To: Mayor and City Council
From: Luis Patlan, City Manager
Subject: Covid-19 Update (LP)

RECOMMENDATION

Council to receive informational update regarding Covid-19 pandemic and provide direction to staff as necessary.

EXECUTIVE SUMMARY

The Governor has allowed more counties to advance further into Stage 2 of his Roadmap to Recovery and Reopening the economy. However, Tulare County is one of a handful of counties that remains in Stage 1. The new metrics released by the Governor were intended to provide more flexibility to allow counties to advance further into Stage 2, which allows for more businesses to open including in-dining at restaurants.

OUTSTANDING ISSUES

None

DISCUSSION

Tulare County does not currently meet the new state metrics regarding downward trend in hospitalization, number of cases, and positivity rates. The County has been working diligently to accurately report data in hopes of meeting the metrics in order to transition into Stage 2.

Many businesses and organizations remain shuttered until the state transitions into Stage 3. The Governor has not given a timeline but said at a recent press conference that "we are weeks, not months" away from advancing into Stage 3. No county is currently allowed to transition into Stage 3.

As the stay-at-home order continues, frustration is leading to outright defiance. For example, the Tulare County Board of Supervisors recently voted to allow all businesses to open at their own discretion. More than 1,200 pastors from across the state sent the Governor a "Declaration of Essentiality" letter stating that they will resume in-person services on May 31 and asking the Governor to allow services before then to avoid conflict. Earlier this month Elon Musk resumed work at his auto factory in Fremont in open defiance of the County and the state.

Locally, businesses continue to voluntarily comply with the Governor's order. The city has not taken any action to enforce compliance. Although the number of positive cases in Tulare County continue to increase, it will become more and more difficult for impacted businesses to remain closed. Many may take the risk and begin to open in hopes of saving their business. The state does have leverage over those businesses that have a license or permit from a state agency (i.e., Board of Cosmetology, Department of Alcohol and Beverage Control). It is unclear what, if any, enforce the action the state will take against those businesses that choose to open early.

The next week will be telling in terms of what the Governor decides on advancing into Stage 3 and allowing more business to open, particularly personal care (hair and nail salons), gyms and fitness centers, and in-person church services.

Staff will continue to monitor the situation and report any developments

FISCAL IMPACT

The fiscal impacts on the city's revenues relate to Covid-19 pandemic is unknown. Staff is working with its sales tax consultant to provide some projections for fiscal year-end 2019-2020 and for fiscal year 2020-21.
