From: Ismael Hernandez, Public Works Director
By: Karl Schoettler, City Planning Consultant
Subject: Time Extension for Castro Estates Tentative Subdivision Map

RECOMMENDATION

It is recommended the City Council adopt Resolution No. 2021-52 approving a one-year time extension for the Castro Estates Tentative Subdivision Map.

EXECUTIVE SUMMARY

The applicant is requesting approval of a one-year time extension for the Castro Estates Tentative Subdivision map, consisting of 77 single family residential lots located on 19.2 acres situated on the west side of Englehart Avenue, south of the Saginaw Way alignment.

OUTSTANDING ISSUES

None.

DISCUSSION

The Castro Estates Tentative Subdivision Map is a proposed 77-lot single family residential subdivision on a 19.2-acre site that was originally approved by the City in 2008. The site is located on the southwest corner of Englehart Road and Saginaw Way. Attachment B shows the project location and Attachment C shows the approved tentative map.

There are no circumstances that have occurred that would cause staff to recommend against extending the life of the map. Such circumstances might include things like an extreme reduction in water supply, exceedance of the capacity of the wastewater treatment plant, discovery of unknown soil contamination, or discovery of a heretofore unknown cemetery on the site, for example.

Due to the great recession and its lingering effects (and now the COVID pandemic) the developers have not been able to move forward with the map. Actually there is now a new developer in talks to purchase the site and amend the map (see proposed amended map in Attachment "D". The Subdivision Map Act allows the City to make a finding that the amended map is reasonably consistent with the approved map. In this case the revised map will slightly reduce the number of lots (from 77 to 74) and connect to all adjoining streets. All proposed lots meet standards of the R-1-6 zone.

Staff is of the opinion that the revised map is reasonably close in design to the approved map and that a new tentative map is not necessary. All aspects of the project (e.g. traffic, water use, wastewater, storm drainage, etc.) will be roughly the same as the approved map.

FISCAL IMPACT

Upon development each lot will be assessed the City's development impact fees.
